

High Rise Apartment Now Likely

Plans moved a step closer this week for a \$1,500,000 look on the site of the old Mason School in Newton Centre which will house 80 apartments and business establishments.

The proposed structure of six stories would front on Centre St., for the retail stores and on Beacon St., for the apartments, with space for 100 cars on the surface and underground.

Mayor Donald L. Gibbs recommended to the Newton Board of Aldermen acceptance of the highest of five bids, submitted by Turner Associates of Boston. The \$177,000 bid for the site of the old school was \$14,000 higher than the second bidder.

Under the stipulations, the buyers would raise the three—

POLITICAL HIGHLIGHTS

BY JAMES G. COLBERT

Furcolo Still An Enigma At End of Four-Year Rule

Foster Furcolo was completely consistent in one aspect as Governor. He was unpredictable right to the end of his four-year rule over the State government.

He deferred to President-elect Kennedy's wishes and gave away a seat in the U. S. Senate which he wanted very much for himself.

Then he embarrassed Kennedy by publicly blasting the latter's appointment of Harvard Dean McGeorge Bundy as special assistant on National Security Affairs.

During his four years on Beacon Hill Furcolo said he did many things which surprised newsmen and other observers. But none was as astonishing as his lack upon Bundy's appointment, and it almost defies explanation.

It doesn't quite make sense to attribute Furcolo's ombudsman to the fact that Bundy opposed his reelection in 1958 and termed him a "bad Governor." Furcolo is professional politician. He isn't that sensitive to attack, and he was overwhelmingly reelected in '58.

Up to the time Furcolo issued his statement terming Bundy "completely unqualified" for the post to which Kennedy is going to name him, it was assumed that Furcolo himself might be appointed to some position in the Kennedy administration.

Any chance of that happening was dissipated by Furcolo himself. After doing just about everything Kennedy wanted him to do, Furcolo then, in effect, severed diplomatic relations with the incoming President.

Some observers believe that Furcolo's salvo at Bundy was the opening gun in his campaign for some office in 1962. Perhaps they're right. But blasting an appointment by an incoming President—

Board of Health Votes for Fluoridation In This City

The controversial issue of "to be or not to be" in the matter of the fluoridation of the public drinking water supply in Newton moved in a decisive direction at the recent December meeting of the Newton Board of Health when it was voted that the board go on record as being in favor of adding fluoride salts to this city's water supply.

It was announced that the present fluoride content of the local water supply is

about one-tenth of the level considered optimal for maintaining dental health.

A board of health spokesman stated that the safety of adding fluoride to the community water supply has been demonstrated in a number of medical studies, and that several long term experiments have shown this procedure to be effective in halving the incidence of dental decay in children.

However, there is another segment of the Newton population which does not see eye to eye with the benefits of fluoridation, and has taken a vigorous stand against it.

In announcing the decision of the Newton Board of Health, an official statement from the board went on to state that providing the necessary fluoride through the community's water supply is also the cheapest effective method of reaching those who can most benefit from it.

The statement also pointed out that a recent health department survey showed that 80 percent of Newton school children had dental decay by the time they reached the age of 13, and that the average number of decayed, missing or filled teeth at this age was 7.6.

In voting in favor of adding fluoride salts to Newton water, the Board of Health stated that this action aligns it with those local, state and national medical, dental and public health agencies and associations who have endorsed fluoridation.

Hurry Baby Contest Entries For Year 1961 To Graphic

Quite a few stork-loads of useful baby things are ready and waiting for Newton's first baby of 1961.

At edition time, the Graphic was still checking on inquiries about the small new citizen, whether boy or girl, who arrived to gladden the hearts of Newton parents some time after midnight on Sunday morning, January 1st.

The result of this annual baby contest will be announced in the Graphic on next Thursday, Jan. 12.

Newton parents, who think their new offspring might qualify for the title and the prizes, should notify the Graphic promptly. The list of prizes and contributing Newton merchants was published last week.

The contest ended at noon on Wednesday, Jan. 4. Rules are simple. The baby must have arrived after midnight, of parents residing in Newton at the time of birth.

Former Newton Mayor To Take Volpe Post Offer

Local Man Is Awarded N. Y. Science Prize

Harold L. Burstyn, formerly of Newton Centre, and of the Harvard Graduate School of Arts and Sciences, has been awarded the 1960 Ida and Henry Schuman Prize of the History of Science Society for his paper "Galileo's Attempt to Prove That the Earth Moves."

The award was presented at a luncheon held in New York City recently at the annual meeting of the History of Science Society.

Professor I. Bernard Cohen, incoming president of the society and professor of the History of Science at Harvard made the presentation. The award was created by the Schumans who are rare-book dealers and publishers in New York.

Mr. Burstyn is the son of Mr. and Mrs. Julius Burstyn of 75 Garland Road, Newton Centre. He is a graduate of Newton High School and Harvard College where he was graduated magna cum laude, in 1951. He now makes his home in Cambridge.

New Governor Seen As Opponent Of Toll Road

Former Mayor Howard Whitmore, Jr., leading challenger against Governor-elect John A. Volpe for the gubernatorial endorsement at the Republican State Convention last June, will accept a position in the Volpe administration, The Graphic learned today.

Whitmore already has been offered one of the most important posts on Beacon Hill by Volpe but declined it because of business commitments.

However, Whitmore has informed the incoming Governor that he will accept a position in the State government which would not require his entire time and would allow him to devote part of his attention to private business.

Exactly what place Whitmore finally will take in the Volpe regime has not yet been determined.

However, Volpe is anxious to utilize and take advantage of his administrative ability and the experience Whitmore gained both as the Mayor of Newton and as one of the outstanding and most respected legislators on Beacon Hill.

That Volpe is anxious to obtain the services of the man who was his top pre-convention opponent, reflects the desire of the incoming

Governor to recruit the best men he can get, irrespective of whether they supported or opposed him at the Worcester convention.

After losing to Volpe at the June convention, Whitmore then became one of the staunch backers of the Republican standard-bearer, worked actively in his campaign and is expected to be one of his advisors for the next two years.

Meanwhile, Newton leaders expect that Governor-elect Volpe will announce his opposition to the construction of a toll road through this city either in his inaugural address today or shortly after he takes office.

During the campaign last fall Volpe emphasized that he favored the construction of a freeway rather than a toll road from the Weston end of the turnpike into downtown Boston.

Persons close to Volpe report that his position on the matter is unchanged and that he undoubtedly will make some public statement either today or in the near future in opposition to extending the turnpike.

Mayor Donald L. Gibbs has been employing what amounted to delaying tactics to block plans for the extension of the turnpike until after Volpe took office.

Chairman William F. Callahan of the Massachusetts Turnpike Authority some time ago announced his intentions of extending the toll road over the roadbed of the Boston & Albany Railroad.

Mayor Gibbs, however, instructed City Solicitor Matt B. Jones, Jr., to file a petition with the Interstate Commerce Commission opposing the abandonment of one B & A track and the relocation of another.

Dr. Taylor Plays Policy At Junior College; New Director Takes Over

The Newton School Committee, flayed for failing to adopt "a more aggressive policy" regarding the Newton Junior College, has named Charles W. Dudley to succeed resigned Dr. Walter M. Taylor, executive director of the Massachusetts Board of Regional Community Colleges.

Mr. Dudley, who lives with his wife and two children in Littleton, has been acting director of the Junior College since August, when Dr. Taylor was granted a leave of absence to take over the regional post.

The new director expects his PhD from Teachers' College at Columbia this year in the field of administration in higher education. He acted as consultant to the Board of Massachusetts Regional Community Colleges and his survey of the junior and community colleges in Massachusetts is considered a reference work.

He holds degrees from the University of Florida, the University of Illinois, graduated from the School of Oriental Languages with a proficiency in Russian and was awarded an honorary degree from Emerson College where he was professor and chairman of the department of broadcasting. He is a member of the Emerson Corporation.

Burma Missionary Speaks Sunday At Newton Church

The Rev. T. Thangaraj, a member of the Burma Conference and in charge of the work of the Methodist Church in the Andaman Islands of the Bay of Bengal, will be the guest speaker at the opening session of the third annual Institute of World Understanding to be held at the Newton Centre Methodist Church on Sunday evening, January 8, at 6:30 p. m.

A native of India, Mr. Thangaraj went with real missionary zeal to serve among his compatriots who had migrated as laborers to Rangoon, Burma. It was of his work there that Bishop Stephen Neill said: "Mr. Thangaraj is the most effective pastor in the younger church anywhere in the world."

Following the Independence of Burma in 1948, Indians were no longer wanted there, and Mr. Thangaraj led his people, like a modern Moses, to resettle in the Andaman Islands. Bishop James Mathews of the Boston Area has said of him: "He is a brilliant and deeply committed man."

Political Highlights

(Continued from Page 1)

Coming President from his home state is hardly an accepted way for an outgoing Governor to launch an attempted comeback.

It is possible that Furcolo's own personal disappointment and frustration overcame his political judgment. In any event, it's a reasonably safe prediction that Furcolo is now head back to the private practice of law and is not destined for any spot under Kennedy, as had been rumored.

It would be interesting to know Furcolo's thoughts and opinions as he concluded his four-year regime as Governor. He had shaken the political plum tree, shattering down judgeships and other offices from his associates, supporters and friends.

At the end there was no one to shake the tree for him, no plumb for him to catch, as so many others had caught them before him.

He appointed more judges than any other Governor in the history of the Commonwealth, but he couldn't get the judgeship he wanted for himself.

Some of those he had helped turned their backs on him as his period of power was coming to a close, as often happens in the steady trade of politics.

Furcolo must have been bitterly disillusioned as he took his final glance around the gubernatorial suite over which he had presided so long and ordered his personal belongings taken to his Newton home.

If he was, he didn't show it outwardly. One thing even Furcolo's foes would have to admit is that he has taken his defeats and setbacks like a man.

Even as Furcolo was preparing for his departure from the State House as outgoing Governor, his close friends were talking about the possibilities of his attempting a political comeback in 1962 or 1964.

It was brave talk, but at that stage it probably was only talk. While Furcolo conceivably might undertake a comeback, his path toward either a Governorship or the U. S. Senate would be a rugged one.

However uncertain Furcolo's political future may be, Secretary of State Joseph D. Ward's even bleaker.

Ward lost face with Democratic politicians when he refused to appoint Furcolo to the State Supreme Court as Furcolo asked him to do. Even those who have little or no affection for Furcolo, considered Ward guilty of the political sin of ingratitude.

The professional politicians, on the one hand, might openly criticize Furcolo for attempting to arrange his own appointment to the Supreme Court. But according to their code, Ward owed it to Furcolo to comply with the request the outgoing Governor made to him.

Furcolo had helped Ward in numerous ways. His lieutenants lined up votes in the Legislature to elect Ward Secretary of State in 1959 after the

death of the late Edward J. Cronin.

Persons close to Furcolo helped Ward to gain the gubernatorial endorsement of the Democratic State Convention last June.

After Ward was defeated for Governor, Furcolo offered him a judgeship and then interceded with President-elect Kennedy in an attempt to persuade him to name Ward as U. S. Attorney.

One of the reasons Ward gave for turning down the request of the man who had aided him was that he believes he still has a political future in Massachusetts. Most politicians disagree. They think Ward would be in for a cold rebuff if he ever again goes before a Democratic convention in quest of it's endorsement.

Politicians take a dim view of members of their profession who forget about the help that has been given them and fail to make good on their obligations.

In this instance it isn't the professional politicians who have any strong feeling of sympathy for Furcolo. They don't.

The reason they will shy away from Ward in the future is that they figure that if he could turn his back on them and that they might be the victims of similar treatment one day.

Annual Reminder To Have Scales Tested By Sealer

J. Ellis Bowen, Newton Sealer of Weights and Measures, has issued his annual reminder to the public to have all commercially used weighing and measuring devices tested at his office in city hall between now and January 20th inclusive, from 8:30 to 9:30 A.M., except Saturdays and Sundays.

In pointing out the importance to the community of local weights and measures administration and enforcement with relation to scale accuracy Sealer Bowen reports that he is not only concerned with the weighing devices of the butcher and grocer, but also the scales of the apothecary, junk dealer, iceman, express company, candy store, hardware store and laundry as well as all gasoline vending pumps, grease meters, oil measuring cans, and linear measures from yardsticks to taximeters.

Included in nearly 3500 devices tested and sealed in Newton during the past year were 321 gasoline dispensing pumps through whose meters annually pass more than 27,000,000 gallons of gasoline worth over \$8,000,000. 20% of these meters were inaccurate and required adjustment, and 4 were condemned for replacement. Meters on 52 retail fuel oil trucks were sealed, 14 of them requiring adjustments or repair.

Sealer Bowen says, "In addition to testing, adjusting, sealing or condemning mechanical devices and containers linear measures such as yard sticks, taxi meters, etc., this office conducted over 7,000 inspections and trial weighings during 1960 to insure the proper use of such devices and fair merchandising practices. The paramount function of the Weights and Measures Department is to enforce equity and fair play with relation to quantity determination in all commercial transactions."

Whether Governor-elect Volpe would favor locating the freeway along the B & A right-of-way is uncertain. Suggestions have been made in the past that the freeway be built along the river. Construction of the toll road along the railroad would result in the demolition of an estimated 350 homes, a good many business establishments and the destruction of between \$4 and \$5 million worth of property.

22,250 Newtonites Have Overlooked Seal Letter

In the rush of Christmas shopping and the general holiday gaiety of the extended festive season, it is apparent that some 22,250 people in the Newtons have overlooked making a return on the Christmas Seal letters sent to them as the annual contribution in the year-long campaign to fight

tuberculosis and allied diseases.

The Newton Tuberculosis and Health Association announced this week that reminders have been mailed to these busy people so that returns can be made as soon as possible.

Individuals and industries will be the recipients of the letters. The association reminds all Newtonites that the annual sale of the colorful little seals is the sole means whereby funds are raised for the year round program of health education, case detection, rehabilitation and medical research of fight TB.

The association also wishes to remind people in the Newtons that the chest x-ray screening clinic, sponsored by the association, is held the first and third Wednesday of every month at the Newton-Wellesley Hospital. Appointments can be made by phoning BI 4-4911.

Given away by her father, the bride wore an empire gown fashioned of silk cloud taffeta. Her fitted bodice had a portrait neckline outlined with re-embroidered Alencon lace and long molded sleeves. Her bell-shaped skirt terminated in a cathedral-length train.

Local Girls Make Debut at St. Nicholas Cotillion

Five local girls were among the 27 attractive debutantes presented at the fourth annual St. Nicholas Cotillion held at the Imperial ballroom of the Hotel Statler-Hilton in Boston, on Tuesday evening, December 27.

They were Miss Carole Melanie deRensis, daughter of Mr. and Mrs. Pardo deRensis of Newton; Miss Marianne Constance Doucet, daughter of Mr. and Mrs. T. Lester Doucet of Waban; Miss Rhoda Marie Henkels, daughter of Mr. and Mrs. Richard D. Henkels of Waban; Miss Penelope Josephine Hunt, daughter of Mrs. Vera Hunt of Chestnut Hill; and Miss Judith Ellen Sawyer, daughter of Mr. and Mrs. Francis J. Sawyer of Waban.

Richard Cardinal Cushing received the debutantes in a Roman garden setting. His Eminence presented each girl with a gold medallion attached to a matching bracelet that had been blessed by Pope John XXIII. On one side the Cardinals coat of arms is engraved, while on the other side the date of the cotillion as well as the initials of the deb appears.

The season's traditional colors were carried out by the regal effect of the cardinals' robes accented by the attractive white gowns of the twenty-seven girls.

The debutantes and their fathers proceeded from the foyer to the ballroom as each girl's two escorts formed a center isle which was marked off with white satin ribbon.

Ruby Newman's red-jacketed orchestra furnished the music for dancing.

After a midnight supper dancing continued until 3 o'clock in the morning.

Proceeds will go to Nazareth, a sheltering home in Jamaica Plain, for children of all races and creeds.

Nixon Note-

(Continued from Page 1)

"I wish to take this opportunity to tell you how

much I appreciated your thoughtfulness in writing. "I share the pride of your parents in your expression of interest in the government and its officials. As I have often said, it is always reassuring to see young people so concerned with local, national and international affairs.

"My wish is that you will continue this interest for, in this way, you are acquiring the knowledge and understanding so necessary for the responsibilities and obligations of good voting citizenship.

"In view of your kindness in writing, I want you to have the enclosures as a remembrance of the 1960 Presidential Campaign. "Mrs. Nixon joins me in

sending our best wishes for the New Year." Sincerely, Richard M. Nixon.

WINS AGAIN — Leonard Fisher, of 40 Voss Terrace, Newton Centre, has again been declared the winner of the "Man Of The Year" award presented annually by the Prudential Insurance Company, Bunker Hill Agency. It marks the third time the Newton man has achieved this distinction.

Meeting Tonight

Women Voters League Hears Hub Attorney

The Zoning Resources Committee of the League of Women Voters of Newton, will meet tonight at 8 o'clock at the home of Mrs. Herbert L. Berman, 30 Ellis Road, West Newton.

Attorney Lawrence A. Sullivan, member of a Boston law firm, will be the speaker.

He is a graduate of U.C.L.A. and of Harvard Law School, where he received his law degree, magna cum laude, in 1951.

Attorney Sullivan served from 1955 to 1957 on the faculty of the University of California Law School. He is active in the Boston Bar Association, and has practiced and published in the field of land-use planning.

Priest-Lecturer Will Be Speaker At H. N. Society

Rev. James A. O'Donohoe, J.C.D., a member of the faculty at St. John's Seminary, Brighton, will be the guest speaker at next Sunday's meeting of Our Lady's Holy Name Society, Newton. His subject will be "Church-State Relations."

Members of the society will receive Holy Communion together at the 8 o'clock Mass and the meeting will be held immediately afterwards in the parish high school cafeteria.

Father O'Donohoe, a well-known lecturer on theology and related subjects, attended St. Aidan's School, Brookline, Boston College, and was ordained from St. John's Seminary in 1947. He was an assistant at St. Joseph's Parish, Medway, for three years.

He studied at the University of Louvain, Belgium, for four years and was then assigned as professor of Moral Theology at St. John's Seminary. He is Advocate of the Archdiocese of Boston and Chaplain of the Lawyers' Guild of Boston.

Paul L. O'Brien, president, will conduct a brief business meeting.

Dr. White Named Radiology Chief

Dr. George White, of 18 Charlotte Road, Newton, was appointed chief of the Department of Radiology at the Pondville Hospital on December 27.

Dr. White was born in Lawrence, Mass., attended Harvard University, and graduated from Tufts Medical School in 1938. He has been a member of the American Board of Radiology since 1941 and is also a member of the American College of Radiology, the American Medical Association, and the Massachusetts Medical Society. He holds a teaching appointment in the Department of Radiology at Tufts Medical School.

In addition to the practice of radiology, he is consultant in Radiology at the Beth Israel Hospital, the Glover Memorial Hospital, Brooks Hospital, the Veterans Administration Hospital, and the Lemuel Shattuck Hospital.

He was a former resident at the Pondville Hospital and has maintained a close association with that institution since 1941.

Volpe Move For Freeway Hailed By Mayor Gibbs

Mayor Gibbs today hailed the move by Governor Volpe to have a freeway instead of a toll road built from the Weston terminus of the Massachusetts Turnpike through Newton into Boston.

Gibbs, who has waged a long and determined battle against extending the toll road through Newton, welcomed the powerful ally who has joined in the fight.

At the same time the Mayor expressed the hope that the freeway would be built along the Charles River rather than over the Boston & Albany right-of-way.

He said the river route would result in the destruction of far fewer homes and business places and the destruction of substantially less taxable property in the city.

Mayor Gibbs estimated that the construction of the toll road along the B & A roadbed would involve the demolition of 350 homes and business places and the taking of \$4,500,000 worth of property. Choice of the river route

for the freeway, he said, probably would result in the demolition of between 100 and 120 homes and business places valued at \$1,500,000.

Gibbs added that as yet he has no definite information on where the freeway would be built if Governor Volpe wins his fight with Turnpike Authority Chairman William F. Callahan to block the toll road.

Mayor Gibbs emphasized that his first and most important objective is to have a free way rather than a toll road built through Newton. His endeavor to have the highway built along the river rather than over the B & A tracks is of secondary importance, he stated.

As soon as the first fight is won and a freeway is substituted for a toll road, he will then start battling over the route of the artery, Gibbs said.

Gibbs declared that he did not believe Newton residents should be obliged to pay to drive their automobiles on a highway from Newton to Boston.

He said that on the toll road it would cost 35 cents to drive from West Newton to Boston and 25 cents to go from Newton Centre to Boston.

—VOLPE MOVE—

Edw. J. Cronin Assumes Court Duties Friday

Governor's Councilor Edward J. Cronin of Watertown will assume his new duties tomorrow (Friday) as clerk of the Newton district court.

Cronin will receive the oath of office today and will immediately resign from his post in the Executive Council.

One of the more popular figures on Beacon Hill, Cronin is a Boston College graduate and a practicing optometrist with offices in Brighton. While at University Heights he was a quarterback on the Maroon and Gold football team.

NEWTON'S FIRST BABY — Taking the business of posing for a news cameraman with all the dignity which befits his position as Newton's First Baby for 1961, Brian King is shown with his mother, Mrs. Donald E. King, of 3 Newland Street, Auburndale.

Brian King, of Auburndale, Winner of First Baby Title

Newton's New Year's Baby, little Master 1961 himself, is Brian King, born to proud parents Mr. and Mrs. Donald Eugene King, 3 Newland Street, Auburndale, at the Newton-Wellesley Hospital at 8:12 P.M. on January 1st. He is the winner of The Graphic's First Baby Contest.

ville; Old Colony Swimmers for bright-eyed, little 7 pound, 14 ounce first arrival was Dr. Joseph D. Ferrone, 860 Beacon Street, Newton Centre.

Passing out the cigars with pardonable pride is the daddy of the infant, a well known member of the Newton Fire Department, Donald King,

seven years with the local smoke-eaters, and a man who knows his way around a golf course.

Firefighter King was an understandably happy fellow when he won the Police and Fire Department Golf Championship last year; a glittering trophy stands in a place of prominence in the King home to proclaim his prowess.

However, all previous deeds and tokens of distinction have faded into the wings and Master 1961, Newton's First Baby, holds the spotlight in center stage at No. 3 Newland Street. Mother, baby and daddy are fine. Mommy is the former Mary E. Saunders, of Adams Street, Newton. The King's have one other child, Donald, two-and-a-half years old.

Grand-parents of the New Year Baby are Mr. and Mrs. James Saunders, 211 Adams Street, Newton, and Mr. and Mrs. Earl King, 20 Murray Terrace, West Newton.

Missile Expert To Receive Chamber of Comm. Award

Dr. Charles Stark Draper, of the Massachusetts Institute of Technology, will receive the 1960 Achievement Award of the Newton Chamber of Commerce at the annual Achievement Dinner of the Chamber to be held at the Tatem Pole Ballroom, Norumbega Park, Newton, on Wednesday, January 25th.

The presentation will be made by Homer R. Oldfield, Jr., group vice president, Electronic Components and Devices, of the Raytheon Manufacturing Company of Newton.

A resident of Newton, Dr. Draper is professor and head of the Department of Aeronautics and Astronautics of the instrumentation laboratory at M.I.T., where for more than 25 years he has taught and conducted research for the institute.

Time Magazine chose Dr. Draper as one of "15 Men Of The Year" in the January 2nd issue.

The Newton Chamber of Commerce is honoring him for his outstanding work on the inertial guidance system of Polaris missiles, a field in which he has received worldwide recognition for his pioneering achievement.

Dr. Draper is a registered professional engineer in Massachusetts. He is a fellow of the American Physical Society, the American Academy of Arts and Sciences, the American Society of Mechanical

Local Citizens Meet To Protest Rezoning Change

A meeting representing 14 families of the Tanglewood rd., area, Newton Centre at the Chestnut Hill line, was held last Monday Night at the home of Mr. and Mrs. Milton Foman, 48 Tanglewood road, to protest proposed zoning changes in the neighborhood.

The residents were aligned strongly against a move which would rezone the area for business purposes with the specific intention of locating a motel there.

Attorney George Michaels was retained to represent the residents at a public hearing expected to be held at city hall in the near future. A petition already has been filed for the hearing. Attorney Michaels presided at the meeting Monday night.

A spokesman for the aroused residents told The Graphic that additional meetings are planned at which all interested persons will be invited.

Residents have stated that the move to establish a motel could be the entering wedge for other commercial enterprises in that area.

Mail Merry-Go-Round To Boston and Return Seen As Slow Project

Hope For Revocation Of Move Rests On New Administration

Newton this week lost its postmark after a long but futile fight by business, public and civic leaders to preserve it. The only hope of regaining it rests with the incoming Kennedy administration.

All letters mailed in Newton at any time of the day or night henceforth will bear a Boston postmark.

Mail collected in the Newtons now is being hauled by truck to the South Postal Station in Boston where it is sorted and postmarked.

About a third of the mail then is snipped back to Newton for delivery under the new system which is supposed to be more efficient and economical than the old method of sorting Newton mail at the Newton postoffice.

At the first of each month the amount of mail which is trucked from Newton to Boston and then back to Newton again will represent close to 50 per cent of the total volume collected in the city.

In stormy weather and at times when the mail is exceptionally heavy, such as in the Christmas season, the new system may result in delayed deliveries of Newton mail.

Where letters mailed in Newton to other addresses in Newton formerly were carried only about 10 yards from the incoming section to the outgoing section in the same postal building, they now are taken on a round trip of at least 20 miles to and from Boston's South Postal Station.

Exactly how the new system is any more efficient or economical than the old one is something The Graphic still is unable to ascertain. On the basis of the information gathered to date it seems less efficient, notwithstanding the statements by postal officials of the savings which will be realized.

Scores of Newtonites To Attend Kennedy Inaugural

The Garden City will be well represented in Washington next week at the various festivities associated with the inauguration of President-elect John F. Kennedy.

The scores of Newton residents who have received the coveted invitations include staunch Kennedy campaign workers and cousins.

Three of these will be on hand from Newton. Dr. and Mrs. Hugh Donahue of 54 Colbert road, and their daughter, Carol, a Senior at the Country Day School of the Sacred Heart, will leave on Tuesday. Mrs. Donahue is Kennedy's first cousin.

Another first cousin, Mrs. William Ellis Jr., of 64 Prospect street, Newton, will attend with her husband. Also a first cousin, Charles J. Burke Jr., will be accompanied by Mrs. Burke.

A personal invitation from the president-elect also was received by Mr. and Mrs.

Thomas J. White of 85 Bigelow road. Mr. White is fellow Harvard Alumnus and was an ardent campaigner since Kennedy first ran for Congress. He was chairman of the Mass. Committee for Kennedy-Johnson.

Mrs. Betty Taymor, Democratic State Committeewoman, was chairman of the Dollars for Democrats and Newton campaign secretary for Kennedy in 1958 and 1960. She will be accompanied by her husband, Dr. Melvin Taymor and their three children.

Also going to Washington are Mr. and Mrs. Joseph Corwin of 11 Park drive, Newton. Mrs. Corwin was vice-chairman of the Dollars for Democrats. An invitation also came to Mr. and Mrs. John W. Curley of 142 Church street, Newton. Mrs. Curley has been active in the Democratic party for some 20 years.

The Newton Graphic has been awarded a National Foundation Certificate of Appreciation in recognition of its support of the work of the March of Dimes.

Presentation of the plaque was made at the recent March of Dimes Awards luncheon in the Sheraton Plaza Hotel.

James M. Connolly, who is heading "Le Massachusetts March of Dimes drive, which is now underway and will continue through Jan. 31, acted in behalf of Basil O'Connor, president of the National Foundation, in presenting the Certificate of Appreciation.

Richard W. Davis accepted the award for The Graphic. In making the presentation, Mr. Connolly praised The Graphic for the action of the

See \$3.30 Tax Boost In '61 School Budget

An increase of \$3.30 per \$1,000 valuation in the Newton tax rate was seen today in the wake of a record-breaking \$9,132,529 operating budget for 1961 adopted by the Newton School Committee.

The budget, which represents an increase of \$891,911 over last year, was adopted Monday night and Mayor Donald L. Gibbs, as ex-officio member, cast the only vote against it.

It called for a \$400 across-the-board increase for Newton school teachers effective Sept. 1, salary adjustments for other administrative members of the school staff and a fund of \$8833 set aside for notable service awards of \$250 and \$500 per year for outstanding teachers.

Chairman Haskell C. Freeman of the School Committee said:

"We think in competition for key and important educational and administrative positions, Newton must be willing to pay these kind of salaries and more if necessary, in order to retain and attract educational leaders to this city.

"We think the people of Newton support our position."

Mayor Gibbs attended the School Committee meeting Monday which voted the budget. City Hall observers said that as far as their memory served, Mayor Gibbs was only chief executive who has attended every meeting of the

School Committee since he entered City Hall.

At the meeting Monday night he requested a roll call vote on the adoption of the budget and then voted "no." The vote was 7 to 1, with Hugh M. Tomb of Ward 7 absent.

The increased salaries for administrative personnel included: Superintendent, Dr. Charles E. Brown, from \$16,000 to \$19,000 (Sept. 1);

Grocer Fined \$200 For Beer Sale To Youth

The operator of a West Newton grocery store for 15 years has been fined \$200 in Newton District Court for selling a case of beer to a youth under 21 who was one of two who survived a crash in Dedham which cost the lives of four Wellesley boys.

Judge Donald E. Mayberry imposed the fine upon Jerome Farrugia, owner of a market on River St., who pleaded innocent, but admitted to a finding of guilty. Police Capt. John N. McMullen told Judge Mayberry he considered the maximum fine under the law was sufficient punishment.

Capt. McMullen told Judge Mayberry the youth who purchased the beer had agreed to pay 93 cents still owed on the \$4.60 case at a later date. The youth was not in court.

Following the fatal accident on the morning of Nov. 23, Dedham Police Chief Walter Carroll had asked Newton police to investigate the sale of the alcoholic beverages.

FUN IN THE VERMONT HILLS — Among Newtonites who enjoyed a recent fun week-end skiing at Stowe, Vt., were the members of the Dr. Francis E. McDonough family, of Temple Street, West Newton. Sharp Opposition in House To Purges Sought by Volpe

Governor Volpe began his administration on an outward note of harmony with the Democratic-controlled Legislature with which he must work for the next two years.

Under the surface, however, there is sharp opposition, especially in the House of Representatives, to several of the major proposals advanced by the new Governor in his inaugural address.

As time goes on, it will become increasingly apparent that Volpe will be hamstrung by the overwhelming Democratic majorities in both the State Senate and the House of Representatives.

Volpe is almost certain to suffer a series of rebuffs by the Legislature on matters which are considered to have political overtones.

Some of his proposals may be passed by the Senate but killed in the House.

Radcliffe Club To Hear Carmen

Red lettered invitations to a red-letter event have just gone out to Newton members and friends of the Radcliffe Club of Boston for the opening night of "Carmen", Tuesday, Jan. 31, at the Wilbur Theater to be given by the New England Opera Theater under Boris Goldovsky. Proceeds go to the scholarship fund of the Club.

Working on the Benefit Committee are two Newton women, Mrs. Stanley Housen of Chestnut Hill and Mrs. Phineas E. Norman of Newton Highlands.

\$13,000 effective Jan. 1; \$13,000 to \$15,000 (Sept. 1);

Dr. Bernard Everett, assistant superintendent in charge of instruction, \$13,000 to \$14,500 (Sept. 1);

Dr. Edward Landy, assistant superintendent for guidance and counseling service, \$13,000 to \$14,500 (Sept. 1);

The two high school principals, Richard W. Mechem of Newton High and Dr. Donald K. Davidson, \$13,000 to \$14,500 (Sept. 1).

Mayor Gibbs pointed out to The Graphic that the raises which are effective Sept. 1 are in effect for only four months this year, and these raises will result in another \$325,000 increase in the budget for 1962 when the increase must be met for the full 12 months.

Mayor Gibbs added: "This is only a four months proposition; I think they are going too far too fast. They had a big increase last year, and I feel there are other branches of the city which also must receive consideration."

Chairman Freedman defended the Committee action, and explained:

"In order to maintain a high standard and quality of Newton public schools, it was the opinion of the School Committee that the Newton public would support this action of the Committee in continuing to promote good education for our children in these trying times."

The \$8833 fund for notable service awards was established in 1948 to allow rewards to teachers of exceptional skills, which would permit them to reach the maximum in their grade so much sooner. These increases are recommended by the principals of the schools and must be approved by the Administration.

Under the terms of the fund, extremely superior teachers could receive as much as \$1500 above the maximum over a period of three years.

Volpe Move-

(Continued from Page 1)

Mayor Gibbs termed it "a shame" that surrounding cities have left it to Newton to make the fight alone against the toll road, declaring that other communities should have joined in the battle.

One of the things still to be determined is whether Turnpike Authority Chairman Callahan will make a fight to carry out his plans for extending the toll road through Newton.

City Solicitor Matt B. Jones, in behalf of the city, has been waging a legal fight before the Interstate Commerce Comm. to block the proposed sale of the B. & A.

right-of-way to the Turnpike Authority.

Governor Volpe also has communicated with the ICC, asking the agency not to sanction the sale of the roadbed.

What will happen if the ICC still allows the sale of the right-of-way is a matter of conjecture. Volpe presumably would take other steps in an effort to block the toll road project.

Dr. Brown Lists Five Points For PTA School Aid

Dr. Charles E. Brown, Newton superintendent of schools, told the PTA Council meeting last Thursday that a good school system usually has a good PTA behind it as he listed five important functions

of the parent-teacher organizations.

Council President Jerome Grossman proposed at the meeting held in the old Pierce School in West Newton that individual PTAs initiate study groups to keep members informed.

Dr. Brown listed five possible functions in which PTA groups could perform: to provide general support for the school program which reflects in the general attitude of the

community; to be a force for change in education hopefully of a positive nature—school systems should be prepared to consider suggestions and generally maintain a good relationship with the community. Third, the PTAs can be a liaison with the community a large and each group can mould community opinion, and he recommended the PTA quarterly publication "Shop Talk"; fourth, study and research, and fifth, service to the schools.

Majority Rule—

(Or Going Along With The Gang)

We are now living in an age when conformity is the rule. People feel they must dress, act, speak, purchase, and do the same as others without stopping to consider whether or not it is right or best for them. Parents are confronted by children who must follow the crowd. Even the actions of adults are all too often dictated by the desire to conform to the standards of others without consideration of all that is involved. Group pressure, the desire for social acceptance, are strong motivating factors.

Having a majority on your side, however, does not make you right—or even the winner. History is full of tales of men who were in the minority but ultimately came out on top. Consider Noah building the ark in the face of ridicule from his friends and neighbors, or Joseph facing slavery in Egypt because of his jealous brothers. Elijah, who prayed down a thunderbolt from heaven to shame the prophets of Baal, was in the minority, as was David when he went forth to meet Goliath in the face of his jeering brothers. Jesus and his small band of followers were a decided minority, yet what He stood for has become the most powerful force in the world.

It doesn't matter whether or not you go along with "the gang"; it is unimportant whether you are with the minority or the majority. When faced with a question of which way to go—with the gang or along a more lonely path—always answer one question before you make your choice: "In which direction will I find God?"

Political Highlights—

(Continued from Page 1)

Democratic leaders in the House consider that Governor Volpe made four recommendations in his inaugural address which are in or near the realm of partisan politics.

These are his proposals for reorganizations of the State Department of Public Works, the Metropolitan District Commission and the Metropolitan Transit Authority and for building a freeway instead of a toll road from the Weston terminus of the Massachusetts Turnpike into downtown Boston.

It is a little difficult to see how the question constructing a toll road or a freeway is a partisan political issue, but so great is the influence of Turnpike Authority Chairman William F. Callahan on Beacon Hill that Democratic lawmakers regard it as one.

As matters stand at the present time, the only one of those four fights Volpe is likely to win is his move to reorganize the MTA and oust the three trustees of that agency.

For the past 14 years the MTA has been practically a political football. Every Governor in that period either has pushed through a bill reorganizing the transit system or has pressured the trustees to resign.

Many legislators are reluctant to oppose any change recommended for the MTA lest they later be accused of failing to do anything about the system's huge and mounting deficit.

It will be interesting, incidentally, to see if the Legislature approves Volpe's recommendation that a ceiling be placed on the size of the deficit the MTA can incur.

If that happens, it inevitably would mean higher fares or reduced service and probably both.

Volpe's plan for reorganizing the MDC is almost identical to one advanced last year by Senate President John E. Powers after the Senate investigation of the MDC scandals which resulted in a number of indictments.

The Powers proposal was approved by the Senate but killed in the House. Unless there is an unexpected change in sentiment among Democratic legislators the same thing will happen this year.

Powers will be able to marshal an overwhelming vote for the MDC measure in the Senate, but it then will run into a storm of opposition in the House.

Former Lieutenant Governor Robert F. Murphy, now head of the MDC, who would be legislated out of office if the reorganization bill is enacted, served for a number of years in the House and was the Democratic leader in the body in 1953 and 1954.

Up to the time he ran for

Governor in 1954 Murphy worked for a newspaper owned by Volpe. The two have been fairly friendly back through the years, and some Beacon Hill observers were surprised when Volpe made his recommendation for reorganizing the MDC.

What eventually will happen on Volpe's proposal for a drastic overhaul of the Public Works Department and the ouster of the present commissioners is uncertain. Senate President Powers, who has backed Volpe on the MDC reorganization, has not committed himself on the DPW.

At the present time the DPW reorganization would be rejected in the House. Whether Volpe and his lieutenants will be able to shift enough votes to change that picture before a showdown is reached on the matter is something only time will determine.

The approaching showdown between Governor Volpe and Turnpike Authority Chairman Callahan is being watched with interest by both politicians and political observers.

Callahan reportedly will not abandon his idea of extending the toll road from Weston into Boston unless he is forced to do so.

Volpe's action in asking the Interstate Commerce Commission to withhold approval of the sale of the Boston & Albany right-of-way, a long which Callahan plans to build the toll road extension, may be only the opening round in the fight.

Even if the ICC blocks the sale of the B & A roadbed, Callahan presumably could select another route for the turnpike, although that obviously would delay the project considerably.

There are two direct ways in which Callahan could be prevented from extending the toll road along any route.

The State Public Works Department could revoke its approval of the project. Or the Legislature could repeal the law authorizing the toll road extension.

Callahan's influence in the Legislature is so strong that there is little likelihood that Volpe could win any fight there on the toll road issue.

Public Works Commissioner Jack R. Ricciardi has publicly promised Volpe his cooperation. But it is highly improbable that Ricciardi would be willing to cooperate to the extent of revoking the approval of the toll road project.

If Governor Volpe succeeds in reorganizing the DPW and ousting Ricciardi, his own appointee would move quickly to halt the toll road extension if the bonds for the job had not been floated.

Removing Ricciardi, however, would become more difficult if Callahan and the toll road are issues in the controversy as they well might be.

It all adds up to a puzzling picture and one which offers some perplexing problems for a new Governor.

Notwithstanding the fact that Volpe must marshal Democratic support to win passage of any part of his program, there is no evidence that he has made any deals with Democratic legislators.

He apparently is going to wage his battles on the merit of the things for which he is fighting and, if necessary, take his share of defeats.

In the course of doing that Volpe conceivably might build up some issues for the 1962 campaign.

One thing noticeable on Beacon Hill so far is that the members of the Legislature generally are somewhat more subdued than they have been in recent sessions.

They have encountered considerable criticism in their districts about the pay increase they voted themselves after the election.

That may affect their actions on some of the matters Volpe places before them and may cause some Democrats to work more harmoniously with a

There is no indication, however, that politics will be forgotten to the point where a majority of the Democrats in the House will vote to fire Democratic office-holders or to place any curbs on Turnpike Authority Chairman Callahan.

and courage to the stricken and to make the community a safe and happier place for children.

In accepting the plaque for The Graphic, Mr. Davis paid warm tribute to the public-spirited business leaders who sponsor special-page appeals appearing in the paper during the month-long drive.

"Without their generous financial support in making these appeal pages possible we would not be able to do the type of job we have done," Davis declared. "I accept this award in behalf of them as well as The Graphic."

Mr. Connolly, vice president of John Donnelly & Sons, Boston advertising concern, in appealing for public support of the 1961 March of Dimes, emphasized the importance of the mercy work which will be done with the funds realized.

"Practically speaking, the National Foundation is seeking control of paralytic polio through use of the Salk vaccine and is also moving in a direction which it fully believes will lead to eventual control of birth defects and arthritis," Connolly stated.

In accepting appointment to head the Massachusetts campaign Connolly pointed out that the vitally important objectives of this year's drive are the prevention of birth defects, arthritis and polio.

"Birth defects are the largest unmet childhood medical problem in the United States today," he continued. "Arthritis is the No. 1 crippling disabling more people than any other chronic disease. And the New March of Dimes still must aid polio patients, support its famed virus research program and campaign for universal vaccination," Chairman Connolly asserted.

Both Newton Hockey Teams Suffer Defeat

Both Newton High school hockey teams suffered defeat last Saturday. Cambridge Latin posted a 4 to 2 win over Newton High at the Boston Arena in a GBI league game, and Winchester High registered an 8 to 2 win over Newton South at Harvard's Waterson rink.

Capt. Pete Sahlin returned to the Newton lineup and scored both goals in a losing cause. He had been out three weeks with a torn ankle ligament. Both teams scored twice in the middle period after a scoreless first, and then Cambridge Latin went ahead with two more goals in the final 10 minutes.

In the Winchester-Newton South game, Ted Davenport and Bob Norberg each scored a three goal "hat trick." John MacMastel and Harvey Gilmore scored for South. Winchester is leading the North Shore League and was in control throughout.

Sunday Herald To Have First Seven Puzzles

The first seven puzzles in the \$30,000 "Around the World" contest will be reprinted in the Boston Sunday Herald this Sunday.

The 488 cash prizes include \$15,000 for first place, \$5,000 for second and \$2,500 for the person who finishes third. There will be a total of 72 puzzles and they will appear Sunday and daily, except Saturdays, in the Boston Herald. Each puzzle offers three clues to the identity of the puzzle place—a picture of a well-known landmark, the scrambled letters of the puzzle place and a written clue.

Mme. Slack Will Be Speaker At Memorial School

The Memorial School PTA will play host to its guest speaker, Mme. Anne Slack, the renowned educational television personality whose French program PARLONS FRANCAIS is carried over WGBH as well as fourteen other TV stations across the country, on Monday evening, January 16th at the Memorial School.

In making the announcement, Memorial School Principal, Olive F. Eldridge and PTA President Bob Waterman were quite excited over the prospects of hearing Mme. Slack and availing their membership and guests of the opportunity to observe her demonstrations with elementary school children from Memorial classrooms.

Mme. Slack began her program eight years ago on a Schenectady, New York station for the public schools in that city. Her pioneering in the field of TV education has been written up in The New York Times and in Life Magazine. Her program which now originates from Boston as part of the 21 Inch Classroom is under the sponsorship of The Ford Foundation.

Due to her busy schedule, Mme. Slack's appearance at Memorial will be the only local meeting she will attend this year. Because of the importance of her message, The Memorial School PTA is issuing a special invitation to parents and teachers from all Newton schools to attend this meeting.

Loses Fight-

(Continued from Page 1)

After the explanations for the change are studied, the fact remains that the mail still is sorted by hand at the South Postal Station, just as it was in the Newton postoffice.

When the mail is heavy, a backlog is almost certain to develop at the South Postal Station, as happened, in fact, just before Christmas.

The business of hauling the Newton mail into Boston and then back to Newton again is something which would make the average efficiency expert cringe.

During winter snowstorms that obviously increases the likelihood of delays in mail deliveries.

What also is disturbing many persons is that Newton, a city of 90,000 people, no longer has its own postmark.

Mail sent out either by bus-

ness firms or householders in Newton will show a Boston postmark.

This has been a matter of dispute since last summer when vigorous protests caused postal authorities to

delay plans for making the change.

But it was put into effect this week, just before the close of the Eisenhower administration. Just before the start of the Kennedy regime.

Boston Leaders Honor Attorney Lewis Weinstein

Some 250 Jewish community leaders on Sunday honored Atty. Lewis H. Weinstein of 66 Varick Rd., Waban, at a meeting arranged by the Jewish Community Council of Boston in recognition of his election as chairman of the

National Community Relations Advisory Council.

A former NCRAC chairman, Bernard H. Trager, told the gathering that "strengthening of sound community relations among the diverse religious and racial groups is in distinct harmony with the high purpose to which America itself is committed by our Declaration of Independence and our constitution."

Mr. Weinstein is a former president of both the Jewish Community Council and the Combined Jewish Appeal.

Christmas Seals Help To Provide Pulmonary Study

A pilot study—a pulmonary function laboratory—long an outstanding need at Newton-Wellesley Hospital, is now underway at the hospital made possible by a gift of \$1,000 from the Newton Health and Tuberculosis Association.

The check was presented by J. Ellis Bowen, president of the TB Association to William S. Brines, hospital administrator, at a ceremony held recently.

According to Administrator Brines, this new study will involve the functions of the lungs and the chest wall with respect to the volume and rate of movement of air and the transfer of oxygen into the blood, and of waste carbon dioxide out of the body.

SMILING "THANK YOU" FOR CHECK—This happy occasion shows William S. Brines, Newton-Wellesley Hospital administrator, accepting check for \$1,000 from J. Ellis Bowen, president of the Newton Tuberculosis and Health Association. In photo, left to right, Dr. Theodore L. Badger, chest diseases consultant; Dr. Marjorie F. Ellicott, study director; Mr. Brines, Dr. Arthur D. Baldwin, medical service chief; Mr. Bowen, and Miss Hilda Hope, TB Association director.

of short breath, the doctor will be able to pin-point more exactly the source of the trouble. Among the possibilities are bronchial disease, lung cell disturbances, chest wall limitation and factors secondary to heart disease.

During the past five years, considerable research has been done in this field through the use of Christmas Seal funds. According to Mr. Brines, the hospital is grateful to the Newton Tuberculosis and Health Association for this opportunity to explore the benefits that may accrue to the community at large and that will be forthcoming to the individual troubled by problems of breathing.

This new laboratory will be under the direct charge of Dr. Marjorie F. Ellicott of Lexington who has had special training in this field at the Boston City Hospital, and under the combined auspices of four departments of the hospital: Medical, Thoracic Surgery, Consultants, and Pathology, headed by Dr. Arthur D. Baldwin of Wellesley, Dr. John Strieder of Brookline, Dr. Theodore L. Badger of Boston and Dr. David Skinner of West Newton, respectively. It is planned to have these services available to ambulatory patients referred by private physicians. Eventually, these services will also be available to the community at large.

Dr. Marjorie Ellicott, a graduate of Goucher College

and Johns Hopkins University School of Medicine, comes to Newton-Wellesley Hospital following four years of post-graduate work in pulmonary physiology at Boston City Hospital and Harvard Medical School, the former under the direction of Dr. Edward Gaensler, in the division of pulmonary disease.

Dr. Ellicott, the mother of three children, interned at Johns Hopkins University Hospital, and was a resident in Vanderbilt University Hospital, Nashville, Tenn., and in Mary Imogene Bassett Hospital in Cooperstown, New York. She has also collaborated on several articles for various medical journals. In her past four years of work she has proven very capable both in directing this work on the wards, and with the House Staff.

Mr. J. Ellis Bowen, a native of Newton, is also that city's Sealer of Weights and Measures as president of the Newton Tuberculosis and Health Association, he has a personal interest in this project, and more especially so since his family has been associated with the Association since its inception in 1908. The Newton group was one of the first in the Commonwealth to carry on a program, made possible through their affiliation with the Newton Federation of Women's Clubs.

Woman's Club Of Highlands Meets Jan. 18

The next regular meeting of the Woman's Club of Newton Highlands will begin with a dessert and social hour at 1:00 p.m. on Wednesday, January 18 at the Congregational Parish House.

Mrs. Kenneth F. Bowkett and Mrs. George S. McLucas will be hostesses and Mrs. Fred J. Thompson and Mrs. Kenneth J. White will pour. Officers of the Newton-Waltham Bank and Trust Company will be special guests for the afternoon.

At 1:45 p.m. there will be a short business meeting conducted by Mrs. Spencer F. Deming, president.

Through the kindness of the Newton-Waltham Bank and Trust Company, Elspeth Davies Rostow, a speaker of outstanding ability is being presented. Her subject is "Our World of Today." Mrs. Rostow has travelled widely, and is an authority on world affairs. She is a member of the faculty of Massachusetts Institute of Technology, was a newspaper correspondent for the London Economist at Geneva, Switzerland, and appears often on radio and television.

Also of special interest will be the Art Corner; "Second of The Seasons" theme—"Winter" with originals by Loring Coleman, the young outstanding, much awarded artist who lives in South Sudbury.

Waltham High Beats Newton Five, 57-35

Newton High's court team took it on the chin again Friday when Waltham High breezed to a 57 to 35 win at Brandeis University's Shapiro Athletic Center.

The Waltham attack was led by 6-2 Brian Duffy who chalked up 20 points for the fourth time this season.

Top point-getter for Newton was Charlie Doucette, a 5-10 junior, with 14 points. Newton had trouble finding the hoop from the floor and the foul line particularly in the first quarter.

Active Committee Formed Here To Further Fluoridation Move

The Newton Citizens' Committee for Dental Health plans to obtain 3,000 signatures of registered Newton voters on a petition to place the issue of fluoridating the city's water supply on the ballot as a referendum in the November election, according to a statement to The Graphic yesterday from Mrs. Arnold Modell, chairman of the committee.

Mrs. Modell pointed out that Massachusetts law requires that each community vote favorably on such a referendum before it can fluoridate its public water supply. It is the belief of her Com-

mittee, she added, that a citizens' petition will indicate the desire of Newton voters to place the fluoridation issue on the ballot at next Fall's election.

Present plans of the group call for circulation of printed petitions throughout the city by volunteer workers, beginning in February.

Noting with satisfaction the recent vote by the Newton Board of Health favoring fluoridation of Newton's water supply Mrs. Modell said that her committee endorses emphatically the statement of the Newton Health Department, contained in the de-

partment's announcement of the action on the Board of Health, that providing fluoride through the community water supply is the "cheapest effective method of reaching those who can most benefit from it." She stated that the Committee supports the health department's viewpoint that fluoridation will result in "halving the incidence of dental decay in children."

Newton residents who would like to help with circulation of the referendum petition, were invited by Mrs. Modell to mail a Postcard with name and address to the Newton Citizens' Committee for Dental

Health, Box 132, Newtonville, or to call one of the members of the group's petition subcommittee.

Members of the subcommittee include Mrs. Richard Blagborough, Mrs. William H. Collins, Dr. and Mrs. Myron Simon, Mrs. Joseph R. Cotter, Dr. and Mrs. Herbert Schiller, Mr. Robert S. Sandman, Mr. Lawrence Hendricks, Mr. Raymond Hendricks, Dr. Thomas F. A. Plaut and Mrs. Wellington Scott.

Also, Mrs. Thomas Morris, Jr., Mr. Albert R. Meroff, Mrs. Finn Brudevold, Mrs. John Swift, Mrs. I'onnelle D. Wells, Mrs. Stewart Smith, Mr. and Mrs. Irving Fishman, Mrs. Kimball Pess, Mrs. Louis K. Pollen, and Mrs. Richard Husher.

Central League play over the weekend and the loss ended a three-game winning streak. North Cambridge High took advantage of last minute foul calls and edged Our Lady's 51 to 45 at the Fitzgerald School Gym in Cambridge on Saturday.

However, on Friday Our Lady's beat Christopher Columbus High 49 to 35 on its home court. Capt. Jack Springham had 10 points against North Cambridge and 14 against Columbus, while Nell McGilvray counted 10 against Cambridge and 11 against Columbus.

Medical Society Opens Office For New Program of Public Service

A new program of public service by physicians of this area is available to the community with the opening of a headquarters office of the Charles River District Medical Society.

Located at 1990 Washington street, Newton Lower Falls, the medical society office is in a building on the grounds of the Newton-Wellesley Hospital. For some years this has been the headquarters of the Newton Visiting Nurse Association and the Newton Community Council.

The office will have available lists of qualified physicians in the various branches of medicine, and offer medical information services and a medical lecture bureau.

The district does not operate an emergency medical service since this can be done more effectively through the telephone answering services of local physicians and hospitals.

Part-time secretarial attendance and a 24-hour telephone answering service at WO 9-8314 will make the facilities of the office constantly available.

The Charles River District Medical Society is the official medical representative for its 675 physician members, all practicing or resident in Newton, Waltham, Needham, Wellesley and Weston. The local society is a component of the Massachusetts Medical Society and the American Medical Association.

Among the officers and councilors of the society from Newton are: Dr. Daniel S. Ellis, Dr. Gerald G. Garcelon, Dr. Lewis S. Pilcher, Dr. Irvin G. Gahm, Dr. Theodore A. Potter, Dr. David B. Stearns, Dr. Herbert G. Dunphy, Dr. Joseph R. Cotter, Dr. John Schulman, Jr., Dr. Lawrence I. Stellar, Dr. Herbert A. Selenkow, Dr. Henry W. Godfrey, Dr. Walter O. Blanchard.

Miss Hall will discuss the current situation in the elementary, junior high, and school libraries with a view to determining the outlook for the future. The committee has already met with Mr. A. William Kunkel, head librarian, and Mrs. George Brewer, president of the board of library trustees. Their contributions to the library committee's research are providing background and information towards the league's consideration and evaluation of Newton's library problems.

TB Association Grateful To All Yule Seal Buyers

The Newton Tuberculosis and Health Association extends thanks through The Graphic today to those residents of the city who have answered their Christmas Seal letters.

The response this week to the first reminders was most generous and indicates the continued interest of the people of Newton in the constant work of the association in its fight against tuberculosis and allied diseases.

Local residents are further reminded that the chest x-ray screening clinic is held on the first and third Wednesdays of every month at the Newton-Wellesley Hospital. For appointments call the association office at BI 4-9111.

Uncertainties Loom In Toll Road Project

A battle to determine whether a toll road or a freeway will be constructed through Newton to link Boston and the Weston terminus of the Massachusetts Turnpike, was still clouded with uncertainty this week.

Also in doubt is the question of what route would be chosen in Newton for a freeway if Gov. Volpe eventually wins his fight to undertake that project.

While it is assumed that the freeway would be built along the Charles River in accordance with the 1948 Master Plan, Gov. Volpe declared this week that he has not ruled out the Boston & Albany roadbed as a possible route for the artery.

Turnpike Authority Chairman William F. Callahan tried to move forward with plans for extending the toll road over the B & A right-of-way.

Mr. Talberth has for many years been engaged in Boy Scout activities. He organized a Cub Scout Pack and a Boy Scout Troop and is past president of the Watertown Parent Teacher Association.

He has served as a vice president, program chairman and a member of the board of directors of the Boston Kiwanis Club.

POLITICAL HIGHLIGHTS

BY JAMES G. COLBERT New Era in History Begins As JFK Assumes Presidency

A new era begins in the history of the nation as 43-year-old John F. Kennedy assumes the high and lonely office of President of the United States.

To those who have known him since he came back from the war and ran for Congress in 1946 he will be a new John F. Kennedy after his inauguration.

He will be the man who will shape the destiny of this country and its 50 states for at least the next four years, and he is not the kind of person upon whom his awesome responsibilities will rest lightly.

Even to his close friends he no longer will be "Jack," but instead will be "Mr. President" by virtue of the great office he holds.

The momentous decisions he must make in the weeks and months ahead, many of which will determine the course of world history, are certain to bring a change in John F. Kennedy.

The people will have to adjust themselves to the sharp transition from the methods of outgoing President Eisenhower to those of incoming President Kennedy, for Mr. Eisenhower and Mr. Kennedy have altogether different personalities.

Some of the things Kennedy does may draw the fire of partisan criticism, merely because his ways are different from those of Eisenhower.

Not since Calvin Coolidge succeeded to the Presidency upon the death of Warren G. Harding has a son of Massachusetts been installed as head of the government of the United States.

House Breaks, Holdups Tally \$33,200 Of Loot

Seven dwelling robberies which netted loot valued at over \$32,000, the holdup of two payroll messengers who were kidnapped and robbed of \$1200 and a number of lesser thefts kept Newton police busy during the past week.

President-elect Has Time To Write Little Girl Here

While the old Bay State buzzes with excitement over the inaugural tomorrow of its No. 1 son, President-elect John F. Kennedy, a winsome, little Newton lassie, will watch the colorful and impressive proceedings on television, and will be more than usually happy.

Miss Barbara C. Weinstein will be thrilled for a special reason; she was the recipient last week of a personal letter from President-elect Kennedy as he acknowledged her girlish congratulations, written to him after his election.

Barbara is the daughter of Mr. and Mrs. Gerson L. Weinstein of 7 Hay Road.

Like her local counterpart, Miss Barbara Kushner, of 100 Wendell road, who put all the fervor of her nine years behind the candidacy of Richard M. Nixon and who received a fine letter from him after she had written him bemoaning his defeat, Miss Weinstein wrote to President-elect Kennedy with all the elation of having been with a winner.

It took her a whole two weeks, and required all the encouragement of family and teacher, Paul Roberts, before eleven-and-a-half years old Barbara Weinstein mustered up the courage to sit down and write a congratulatory note to Mr. Kennedy.

BARBARA WEINSTEIN.

Writes Girl-

(Continued from Page 1)

In the sixth grade at the Memorial School in Oak Hill Park, encouraged the little girl to send along the letters, as did her mother. They found the letter to be filled with the thoughts and feelings of a youngster of her age, exceptionally well phrased and carrying the overtones of her young elation at the Kennedy victory. She also wished him a very successful administration.

Back came a courteous and personal reply from the President-elect, dated January 10th, and carrying the following message:

Miss Barbara Weinstein,
7 Hay Road,
Newton, Massachusetts
Dear Barbara:

Many thanks for your cordial recent message.

Your enthusiasm on behalf of the Democratic Party and your good wishes for the future are most encouraging. I hope that you will sustain your interest in politics and in the welfare of this nation. With all good wishes, I am,

Sincerely yours,

John F. Kennedy.
Barbara is a Camp Fire Girl and has a sister, Susan, 9, and a brother, Robert, 5.

Yes, she will be a very happy little girl as the inaugural program unrolls on the television screen in her home tomorrow—and for a very personal reason.

Political Highlights

(Continued from Page 1)

The conditions which existed in the early 1920's, when Coolidge became President, are about as different as those which confront Kennedy today as is the contrast between the taciturn Coolidge and the ebullient Kennedy.

In Coolidge's day the nation was riding on the crest of a great wave of postwar prosperity. It was disarming. The war to end all wars had been fought, and there were to be no more wars between the nations of the world.

Persons very close to Kennedy report that he is approaching the Presidency with a sobering recognition of the momentous problems confronting him.

Kennedy now knows that the world situation is more grave and the national economy worse than he believed when he was waging his Presidential campaign last October.

In recent weeks the secret files of the Eisenhower administration have been opened to Kennedy and his cabinet members, and with the examination of those files came a solemn realization of the grave problems with which the new Kennedy administration must cope.

From the time the PT-boat he was commanding was split in two by the ramming prow of a Jap destroyer in the waters of the South Pacific, John F. Kennedy has had several meetings with destiny.

Perhaps the most important will come as he raises his hand to take the oath as the new President of the United States.

As Kennedy moves into the White House, Dwight D. Eisenhower, who for eight years has never lost the affection of the American people, will retire to his farm in Gettysburg.

And we are witnessing a chapter in history about which children yet unborn will be studying in their school classrooms a generation from now.

Weather Experts ? ? ?

Editor, Newton Graphic

Dear Sir:

Once again, this week, folks in these parts were treated to the so-called "expert" forecasts" by our smiling, if slightly muddled, meteorologists.

We are all familiar with them; the grinning gentlemen who grace our TV screens, standing before maps and drawing lines and marking symbols as if they knew what they were doing.

Give them credit. They can come up with some beauts by way of explaining their goofs — the next day. They're not "forecasters" they are "aft-casters" and always have the old cliché — "the sneak storm" ready to pull out and spread around after a "light dusting" or some "very light snow" turns out to be another major storm. It's getting to be a genuine waste of time to listen to — or watch — these gents.

Some people have suffered serious inconvenience and real trouble as a result of giving credence to these so-called experts. But they just keep on smiling and drawing lines — and battling zero where the big storms are concerned.

Please keep my name off this letter; just sign me,

Plain Disgusted.

I prefer anonymity for fear these makers of weather miscues might dump a private blizzard in my front yard.

Ice Skating Information

Editor, Graphic:

I would like to suggest that the Newton Recreation Department establish a single telephone number to call for skating information. This could easily be set up as a recording, changed according to the prevailing conditions. Perhaps if the budget can not include such a service it could be sponsored by a local merchant. I know that both the police and the homeowners abutting the ponds who are plagued by calls (and I am an offender!) will be grateful.

Sincerely,

(Mrs. John) Frances Schulman, 7 Ashmont Rd., Waban.

Gala Valentine Ball At Armory To Aid Hospital

Red and white invitations combining Valentine hearts with a physician's caduceus have been received by hundreds of Newton and Wellesley residents this week, as plans for the giant Valentine Ball to benefit the Newton-Wellesley Hospital near completion.

The same colors and theme are the basis for decorations which will transform the Newton Armory on the night of February 10th from a military post to a society playground, while Don Russell leads his recording band in continuous dance music from nine until one in the morning. The caduceus and heart motif will adorn also the cover of the ball program, which together with the invitation, was designed by Mrs. Robert Hailer, prominent artist residing in Wellesley Hills.

Arrangements for the Ball, which is sponsored by the Junior Aid Association of the Newton-Wellesley Hospital, are in the final stages, Mrs. Harris A. Reynolds, general chairman, announced yesterday. Reservations for the ball, at tables seating either eight or ten, will be closed on February 1st.

Numerous residents of the Wellesley - Newton area, both doctors' wives and friends of the hospital, are working hard for the success of the ball, the first ever given to benefit the hospital. Among them are: Mrs. Thomas E. Franks, Mrs. Robert Kimnach, Mrs. Frederic Gardner, Mrs. Howard Hansen, Mrs. Norma Anderson, Mrs. John Carpenter, Mrs. Eugene

Monday Night Meeting Plans '1961 Decisions'

Community leaders and representatives of many Newton organizations met last Monday night, Jan. 8th at the Newtonville Library to discuss the "Decisions 1961" program scheduled to begin the week of Feb. 6th.

Mrs. Martin Karlin, chairman of the program in Newton, arranged for Mr. Nicholas Nyary, the executive director of the Boston World Affairs Council to speak. The World Affairs Council is a national, non-partisan, public-spirited organization.

Since its inception in Newton three years ago, "Great Decisions" has attracted an ever-increasing number of active participants. People are encouraged to begin small discussion groups in their homes, churches and clubs. Each week, for eight weeks they will discuss a different troubled area of our foreign policy.

In order that the discussions will be meaningful and enlightening background kits are being sold at the Newton Centre and Newtonville Libraries, at Filene's at Chestnut Hill and through Mrs. Karlin.

Coordinated with these discussions is the famous TV series on Channel 2 each Thursday night starting on Feb. 9th at 8 p.m. Here experts will discuss the topic of the week and listeners will be able to call in their questions.

Political experts and special discussion leaders are unnecessary. Anyone can participate. For further information call Mrs. Karlin, LA 7-0604.

Three Bank Employees Get Silver Bowl Awards

Foman Charges Rezoning Hits Public Interest

Milton Foman, 46 Tanglewood Road, Newton Centre, chairman of the Citizens' Committee to oppose the rezoning of land at the Newton Centre-Chestnut Hill lines from private residence to business use, this week charged that the proposed change would adversely affect the public interest for private gain.

A petition has been filed at City Hall to rezone some 320, 220 square feet of land on which the Sidney Hill Country Club is located.

Chairman Foman who is now circulating a petition against the proposed change, charges that the rezoning would further aggravate present congestion and traffic problems and would be a safety and fire hazard.

Few Harbors
Buenos Aires—Although it has few natural harbors, Argentina has a coastline along the Atlantic of 1,610 miles.

Three employees of the Newtonville branch of the Newton-Waltham Bank and Trust Company were presented special awards this week by George L. White, president of the bank.

A sterling silver Paul Revere bowl was presented to Mrs. Theresa A. McGuire, as the John H. Walsh Award, for her exceptional teller proficiency in the service of the bank.

Also receiving the bowls as recipients of the George P. Davis Award were James A. Barry, of the Time Sales Department, and Raymond C. Garrahan, of the Methods and Operations Department, for having contributed significantly to the bank's progress during the past twelve months.

The sterling silver Paul Revere bowls are donated annually by Mr. Davis and Mr. Walsh, members of the board of directors, to encourage employees who have best exemplified the qualities of initiative, perseverance and cooperation.

Negroes' Wish- (Continued from Page 1)

Commenting on Dr. Rubin's study, Mrs. Otto Snowden, associate director of Freedom House, a Roxbury civic center, stated: "Studies show that the Negro population of Greater Boston is under three percent of the total." This means that the number of Negroes interested and able to move out from Boston is small. No major influx to suburbia is indicated.

Endorsing the value of the Newton Fair Housing Practices Committee, Mrs. Snowden concluded that it is basic to our health as a community to generate "an atmosphere of welcome" to those few Negro families who may become our neighbors in the years to come.

Lois Marshall Stars In Concert Here On Sunday

The gifted Canadian soprano, Lois Marshall, will make her appearance as the second artist in Newton's current Community Concerts Series, in Newton High School on Sunday January 22 at 4 p. m.

Miss Marshall made her debut here on the opening night of the Boston Opera Group three seasons ago in the role of Mimi in La Boheme.

Miss Marshall was born in Toronto of Scotch and Irish parents, one of seven children. At the age of two and a half she contracted polio, as a result of which her legs became partially paralyzed, and she was unable to attend school until she was eight. At the age of twelve she entered the Royal Conservatory of Toronto, determined to carve out for herself a career in the musical world. Her first public recognition occurred when she received upon graduating, Canada's top musical award—the Eton Award.

During 1953-55, Miss Marshall completed two tours of the United States, and in 1956 she embarked on a tour of two continents during which she fulfilled 66 engagements. The following year she made a European tour, singing in Munich, Edinburgh, Holland, Scandinavia, London and Dublin. She has recently returned from a tour around the world, during which she sang to consistently sold out houses in Europe and Australia, and became the first North American singer to

tour the USSR exclusively as a recitalist.

Her concert in Newton will take place as a part of the regular Newton Community Concerts Series. The series is sold out, and admission is by membership card only.

Limit Approval Of Old Mason School Site Sale

Mayor Donald L. Gibbs has been authorized to sell the old Mason School site in Newton Centre for \$177,000 by the Newton Board of Aldermen who attached a number of restrictions designed to prevent any but the specified use for the property.

The Aldermen, at their meeting Monday evening, authorized the Mayor to sell the property to the Turner Associates who seek to erect an 80-apartment structure with stores and offices on the first two floors.

Golden Jubilee Of Union Church To Open Tomorrow

A church dinner tomorrow and a special communion service Sunday will mark the 50th anniversary of the Union Church in Waban this weekend. Although the Union Church is one of the youngest churches in Newton, it is a pioneer in the union movement. Joseph Cony MacDonald, D.D., minister of the church since 1926, will conduct the service.

The church began with Sunday School classes held in a social hall over a Waban store. The Union Church Society was organized in 1905, and The Union Church founded in 1911, when ground was broken for the present church building at the corner of Beacon street and Collins road. The Society and Church were merged and incorporated in May, 1937, and additions made to the church structure in 1927 and 1951.

The church was founded not on a denominational creed, but on the tenets of "Love of God" and "Love of Neighbor." Church property is held in the hands of three trustees empowered to see that it remains a union church. It is affiliated with the Congregational-Christian churches but retains its non-denominational character.

There were 250 church members when Dr. MacDonald succeeded the Rev. Charles H. Cutler, first resident minister. The present membership of between 800 and 900 congregants comes from more than a dozen different denominations.

The anniversary dinner will be held tomorrow at 6 p.m., followed by tableaux of "The Story of the Union Church." Wilbur Bullen, church moderator, will read the script, which was prepared by Mrs. I. Paley Rak and Mrs. William Knickerbocker, and staged by Miss Margaret Underhill. Speakers at the anniversary service Sunday at 11 a.m. will be Dr. MacDonald, Warren G. Reed, and Mrs. J. Earle Parker, a charter member.

Otto A. Alcalde is chairman of the anniversary celebration. Others assisting him are Mrs. Frederick G. Steglich, Mrs. John T. Croghan, Mrs. Hugh Harwood, H. Donald Norstrand, Mr. and Mrs. Merle A. Collard, and Mr. and Mrs. Victor Stout.

Women Voters' Discussion Units Underway Next Week

The Newton League of Women Voters will explore areas for action and study in the new legislation of 1961 and ask its members for suggestions for the 1961-63 State League program at the discussion units to be held during the week of January 23.

A variety of questions will be raised for discussion. What are the chances for a legislative convention this year? What effect will this have on the permissive amendment for a graduated income tax and the four year term for governor — both of which the League supported in the past?

What about legislation being co-sponsored by the League and the Massachusetts Federation of Taxpayers for the installation of an electric roll call in the House? Would this have any effect on the length of the legislative session?

Has there been any progress in Regional Planning? What about the Connally Amendment? At this time the League position is in favor of appeal.

League members and interested Newton Women are invited to contribute their ideas at any one of the eight discussion units scheduled as follows:

STEPHEN P. MUGAR

NU Elects Star Market Pres. To Corporation

Northeastern University announces the election of Stephen P. Mugar, president and director of the Star Market Co., with headquarters in Newtonville, as a member of the University Corporation. This is the top policy making body of the University and consists of some 125 outstanding leaders in the business and professional world.

Mr. Mugar, a resident of 184 Clifton St., Belmont, also is a director of the Union Market National Bank and trustee of the Watertown Savings Bank, both located in Watertown.

He is also a trustee of Colby Junior College for Women in New Hampshire, and director of the National Co. Inc., Malden; the Victoria Investment Co. Ltd., Halifax, Nova Scotia; Brigham's, Inc.; and Topco Associates, Inc. of Chicago, a buying co-operative of 28 supermarkets from all over the country with an annual volume of \$1,400,000,000.

He was born in Harput, Armenia. Mr. Mugar is married and the father of two children. He graduated from High School of Commerce, Boston and later attended Bentley's School of Accounting and Finance for three years.

He is a member of the Oakley Country Club, Watertown, the Appalachian Mountain Club, and holds an honorary doctor of commercial science degree from Suffolk University.

There will be a social hour at 7 o'clock to be followed by a roast beef dinner to be served at 8 o'clock.

Salt Lake City—The Great Salt lake is fed by four rivers but it has no outlets.

Social Science Club To Conduct Diamond Jubilee

The Diamond Jubilee of the Social Science Club of Newton will be celebrated on Wednesday, January 25th at the Eliot Church at 8 p.m. Because of the demand, attendance will be by invitation only.

Guests will be received by the president, Mrs. Allen P. Joslin; Mrs. Charles H. Kimball and Mrs. John R. Coffin, vice presidents; and by Mrs. Frederick S. Bacon, chairman of the 75th Anniversary Committee.

The Club was founded in 1886 by Miss Mary W. Calkins, Mrs. Wolcott Calkins, Mrs. Francis B. Hornbrooke, Mrs. Herbert Sawyer, Mrs. Lin R. Stone, and Mrs. Henry W. Wellington. Their purpose

was to improve the status of women and to alleviate certain injustices.

Another pioneer club activity was a vacation industrial school, started in 1888—the first school of its kind anywhere. It began in Thompsonville, but was soon moved to Nonantum where it grew to an enrollment of 555 boys and girls with eleven paid teachers. There was a kindergarten, as well as classes on cooking, carpentry, basketry, etc. After 19 successful years this project was incorporated in the Newton School Department.

For sixty-seven years an annual gift has been made to a Scholarship Fund at Hampton Institute in Virginia.

Toll Road—

(Continued from Page 1) proposed highway on one route or the other, are following the toll road-freeway controversy and the discussions of a possible route for the freeway with mingled interest and apprehension.

Some Beacon Hill observers voiced the opinion this week that the entire dispute eventually may end in an impasse.

Since 1925 some outstanding Newton High School girl has been helped each year to go on to further study. The club Philanthropic Fund has benefited the Nonantum Day Nursery, Stearns School Settlement work, Rebecca Pomroy summer camp, the Newton-Wellesley Hospital, the All Newton Music School, the Y.M.C.A., the United Fund and many others.

which would result in no road at all being constructed in the immediate future.

As matters stand now, it appears unlikely that Turnpike Authority Chairman Callahan can sell his bonds in the face of Governor Volpe's opposition and obtain the necessary money to extend the toll road, as he has been planning to do.

But it seems equally improbable that a Democratic Legislature will authorize a bond issue which Volpe will seek in order to build a freeway and in so doing freeze out Callahan.

A meeting between Volpe and Callahan will be held fairly soon to determine whether a compromise can be worked out so that some project may be carried forward. The outcome of that conference probably will be of tremendous importance to Newton.

Headlights and Highlights From Newton High School

By FRANCES WITTY

THOUGHTS IN PASSING: Will track become the equivalent of a national sport at Newton High? Football and basketball are not even putting up a little struggle. Good luck to all the Drama Festival Casts! Congratulations to those still on the honor roll at mid-year!

POLITICAL PROWL: The Associates Council is planning its spring exchange under the Massachusetts Student Government Exchange Program. Newton High will send five students to a school in Massachusetts for one day and later will welcome five visitors from that school to a day in Newton.

Richard Lockwood was selected at the last Associates Council meeting to be the Newton High participant in the Jewish War Veterans Brotherhood Program. In the future, the Council will handle all of the financial responsibilities of the Foster Child Program.

FROM THE AUDITORIUM: Junior class members met during "X" block last Thursday for the Annual College Admissions Program. Members of the Guidance Department spoke on various aspects of higher education, financial, two-year colleges, etc. The counselors were able to answer many of the students' questions during the brief program. Later, counselors will meet with each student for individual discussions of future plans.

Thursday evening, the PTSA sponsored a similar assembly for the parents of NHS juniors. Thus, the yearly cycle begins once more, as College Board time again passes by, and as PSAT, SAT, Harvard and Brown ratings and college acceptances begin to trickle in.

Later in the month, NHS students will attend the American Field Service assembly, sponsored by the AFS Committee. At three separate assemblies, participants in the AFS program will speak to NHS students and faculty.

Direct participants in the American Field Service Exchange Program at NHS are Sylvia Colombo from Italy, Barbara Swanton who spent February through August in New Zealand, Stanley Freeman who has just returned from six months visit to Italy, and Sue Draisen, who is in Norway. The assembly is a prelude to the annual AFS fund-raising campaign.

SNOWMEN: A small group of seniors, which is gradually expanding, is organizing a NHS Winter Carnival.

BRIEF NOTES: Last Thursday, Riley House celebrated "Smiley Riley Day" by wearing green and a grin. Reflections, the NHS-NSHS literary magazine is now accepting manuscripts for the 1961 edition. The PTSA collected student dues this week. The dues help in enabling the PTSA to sponsor the Halloween dance, Tigerama, the Parent Handbook, and various programs throughout the year.

Heavy Ticket Demand For GOP Dinner Here

The demand for tickets for the Annual Lincoln Day Dinner to be held in the Normandie Room, Newton, Tuesday evening, Feb. 7, indicates that a record audience will greet the Honorable F. Ray Keyser, Governor of Vermont, who will be the principal speaker.

The youthful governor's viewpoint and dynamic leadership is stirring widespread comment in political circles and his forthcoming visit to Newton to address the dinner meeting is adding to the excitement of this year's affair. It now looks that this year's Lincoln Day Dinner will be the biggest Republican event Newton has ever had.

Congressman Laurence Curtis will be the Lincoln Day orator. Other well known political personalities are numbered among the invited guests, including:

His excellency, Governor John A. Volpe, Senator Leavitt Saltonstall, Mayor Donald L. Gibbs, Hon. William H. Bates, Hon. Silvio Conte, Hon. Hastings Keith, Hon. Joseph W. Martin, Hon. F. Bradford Morse, all U. S. Congressmen from Massachusetts; Ralph H. Bonnell and Mrs. Mary Wheeler, both of the Republican National Committee; Daniel F. McLean, chairman, Republican State Committee; Mrs. Georgia Ireland, vice-chairman; Senator Fred Lamson, minority leader, State Senate; Senator Leslie B. Cutler, and Senator Joseph Silvano. Also, Charles Gibbons, Commissioner of Administration and Finance; Rep. Frank E. Giles, minority leader, State House of Representatives; Rep. Lorenz Muther, Rep. Arthur G. Heaney, and Rep. John W. Whittemore.

Rev. Louis E. Ford, minister of the Myrtle Baptist Church will give the invocation.

Hostesses at the dinner include: Miss Adelaide B.

Set Feb. 13 As Hearing Date On Re-zoning

Public hearing will be held at Newton City Hall on Feb. 13 at 7:45 p.m. on petitions for the rezoning of 40 acres of the Commonwealth Country Club, Chestnut Hill to permit construction of multi-family apartments.

City Clerk Monte Basbas has announced that the petitions were filed with the Newton Board of Aldermen. The hearings on the petitions will be held by the Planning Board and the Aldermanic Claims and Rules Committee. The Chestnut Hill Park Associates are seeking to have the portion of the country club adjacent to the Brighton line rezoned to the new Residence "F," which permits high rise multiple family buildings.

A long-range plan reported by the builder, Leo A. Wexler, calls for the rezoning of the entire 80 acres of the country club, but the present petition refers to the land north of Algonquin road, but not fronting on that street.

At a meeting of 200 subscribers held last August, they formed an organization called the Newton - Commonwealth Improvement Association to fight the proposed change of zone. William A. Carmen, 48 Philmore road, a realtor, was named president of the association.

Missing were 17 cartons containing 102 cameras, three cartons of films and five cartons of photography equipment. Flanagan told police he had picked up 47 cartons at the Polaroid plant in Needham before driving to Newton.

Newton Woman Chairman For Roosevelt Day Dinner

Mrs. Philip LeCompte of Jackson street, Newton, is chairman of the 13th Annual Roosevelt Day Dinner sponsored by the Massachusetts Chapter, Americans for Democratic Action on Saturday evening, January 28, at the Sheraton Plaza Hotel.

The 14-inch blizzard last Friday, plus the seven-inch snowfall earlier in January, have posed a major budgetary headache for Mayor Donald L. Gibbs.

With the winter only one-third over, the city's appropriation of \$147,000 for plowing streets and removing snow was virtually wiped out at the start of the week.

Mayor Gibbs said today the cost of last Friday's wind-swept storm would approximate \$102,000.

That expenditure, added to

the cost of the earlier storm and the expense of sanding streets on New Year's Day, left a balance of only \$3700 to pay for snow-fighting operations.

As a result the Mayor convened a special meeting of the Board of Aldermen Tuesday night to obtain approval of a special \$100,000 appropriation for plowing and snow-removal operations in the event of further storms.

Mayor Gibbs, already confronted with the prospect of a tax rate increase as a result

of higher school costs, is hoping the \$100,000 will tide the city over for the rest of the winter. In fact, he is hoping he won't have to use the \$100,000. But he has his fingers crossed.

Each expenditure of \$270,000 represents \$1 on the city's tax rate. So the January storm, which cost slightly over \$143,000, already have added 50 cents to the 1961 tax rate.

The storm was followed by — BIG STORMS —

POLITICAL HIGHLIGHTS

BY JAMES G. COLBERT

Start of Kennedy Regime Warms Hearts of Admirers

John F. Kennedy has started his administration as the nation's 35th President in a manner which must bring a glow of warming pride to his friends and followers.

What will happen in the coming weeks and months which will stretch into years is a story the still unwritten pages on history will tell.

But as Kennedy moves to meet head-on the momentous problems confronting him, the feeling is growing that he will be equal to the challenge of the 60's.

Soviet Premier Khrushchev and the other dictators, who may consider him a boy in a man's job, are in for a rude awakening. The John Kennedy, who had a smile, a handshake and a comforting word for an elderly poet who couldn't read what he had written, can also be as firm as new steel and as cold as winter ice when the need requires it.

Khrushchev or anyone else who fails to recognize there can be a flinty hardness beneath that boyish smile will be making a fearful mistake.

One thing Kennedy symbolizes above all else is the vigor, the vitality and the drive of youth.

That is reflected even in the humorous comments of observers who wondered if he would stand still long enough to get inaugurated and who pointed out that he probably is more immune to the cold than any President in the history of the United States, including George Washington and hardy Andrew Jackson.

Two Officials From Newton In Health Conclave

Two Newton officials, J. Ellis Bowen, president of the Newton Tuberculosis and Health Association, and Dr. Harry T. Phillips, Newton director of public health, were invited participants in the 1961 Massachusetts Conference on Elimination of Tuberculosis as a Public Health Problem held recently at the Faculty Club of Harvard University.

Nineteen doctors and three registered nurses, specialists in thoracic condition and public health, and eighteen officers of local voluntary health associations were in attendance.

Big Storms-

an Arctic wave which sent the mercury below zero in unofficial readings, coated streets with ice and made travel hazardous despite the sanding.

Numerous skidding accidents resulted, and injuries were reported as a result of several crashes.

A Newton Upper Falls family of eight was made temporarily homeless on Sunday by fire which caused an estimated \$8500 damage to a dwelling which was being renovated at 85 Thurston road. Mr. and Mrs. Edward Sullivan and their six children discovered smoke when they returned from church. They were sheltered by relatives and friends.

Fire Chief Frederick A. Perkins, Jr., said the blaze probably started from a hot air duct which was too close to a beam. The fire swept the second floor and the attic of the single frame dwelling.

Sanding operations in Newton began about 10 p.m. Thursday and plowing began about midnight. It was light, dry snow which was easy to handle at first but as the velocity of the wind increased, drifts piled up across newly-plowed areas so that crews had to keep returning.

However, the storm-fighters did an excellent job in Newton and all streets were plowed and kept open at all times. Plows were impeded by parked cars in some areas, however, and 36 automobiles had to be towed away to clear the roads for snow plows.

Commissioner Frank K. Perkins reported that the 80 city trucks and all street department workers were aided by 40 hired plows and 10 loaders. Approximately 400 men and 130 vehicles were on duty battling the blizzard.

Fire Chief Perkins had 50 extra fire fighters on duty during the storm emergency.

Buses operated, although not on schedule. Buses were pressed into service between Riverside and Woodland for a tie-up development on the tracks of the MTA Highland Branch.

Rubbish collections were omitted last Friday, and the Friday route was not covered during the week but will be tomorrow as scheduled.

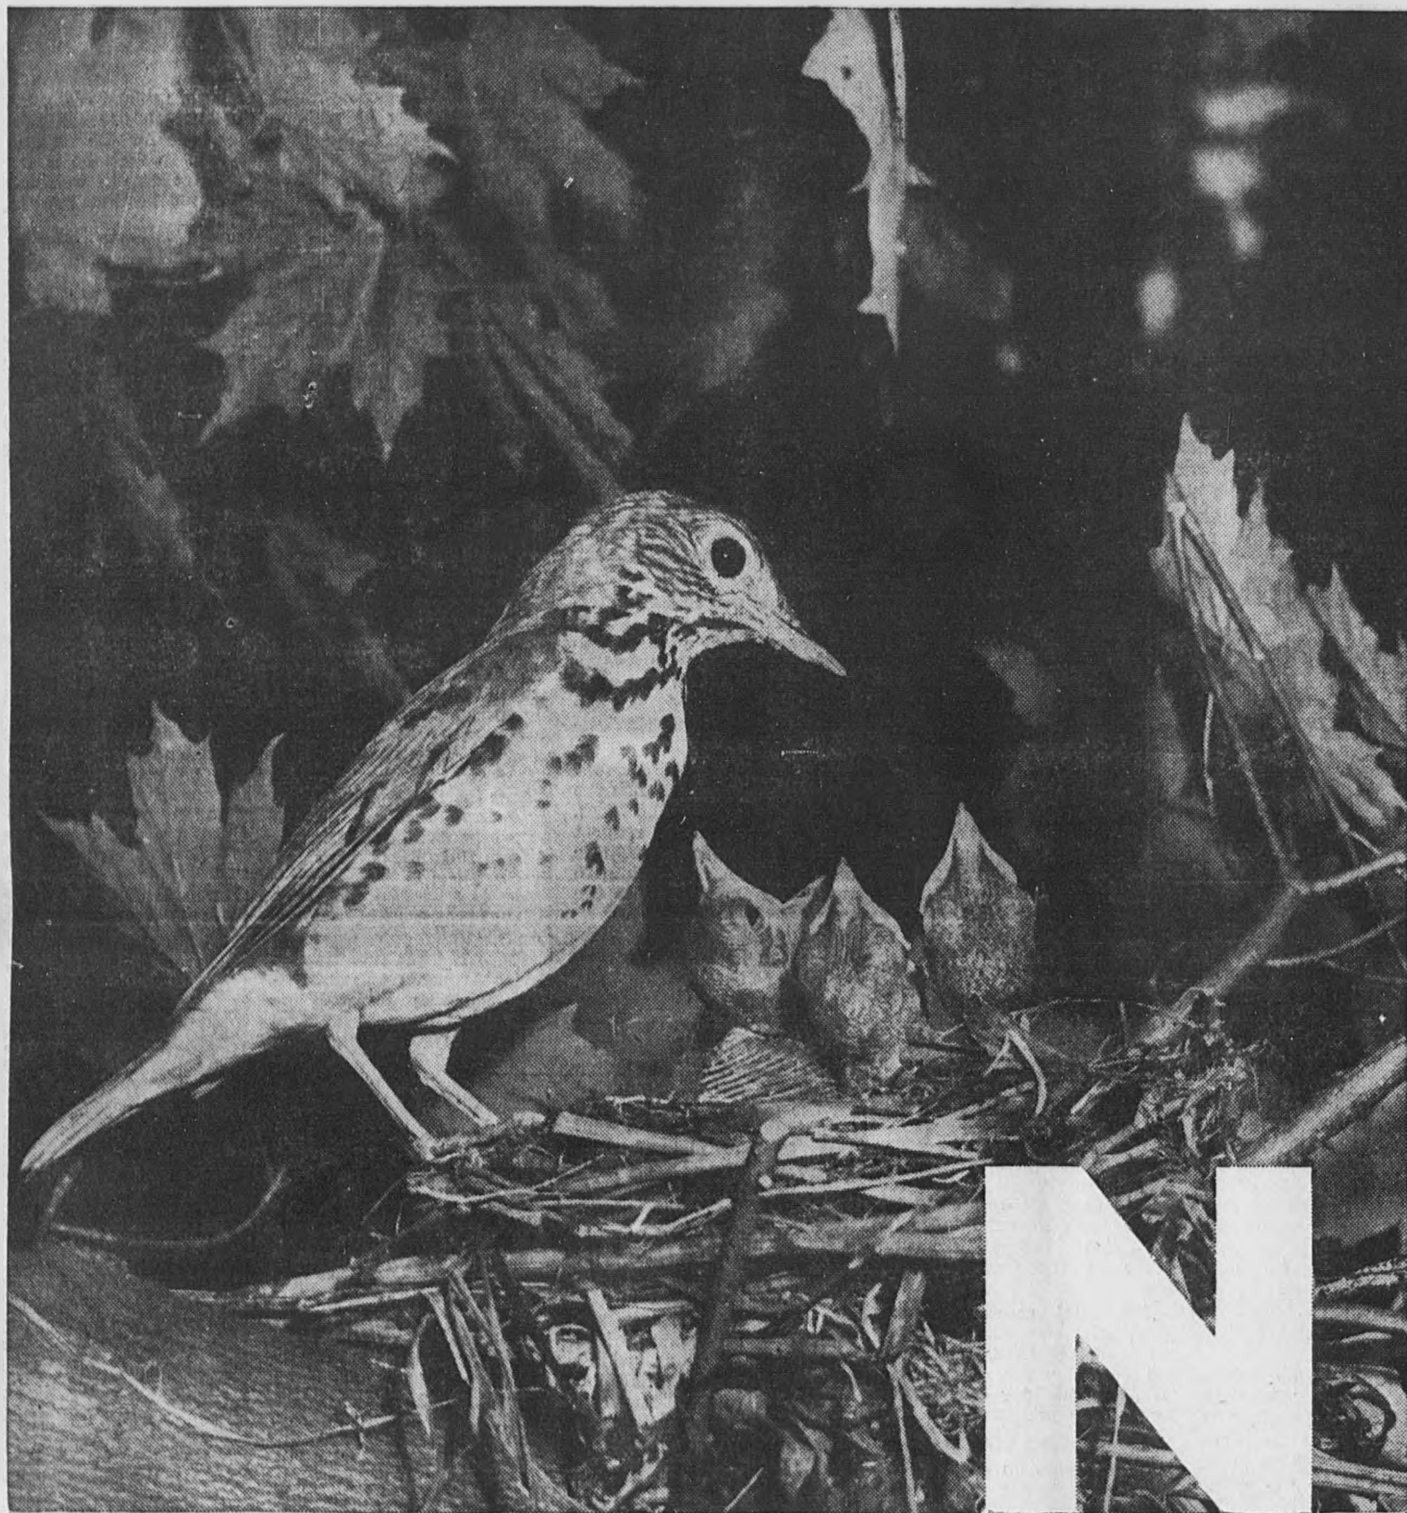

On Saturday all approaches to churches were cleared and on Sunday the squares and business districts were cleared. City sidewalk plows began operations last Saturday but progress was slow because of the depth of the snow.

One of three women injured in the series of auto accidents caused by skidding was Mrs. Francis Mirkin of 87 Marlboro street, Newton. A back injury was reported by Michael J. Mazzola of 629 Commonwealth ave., Newton Centre, whose car was involved in a head-on crash near his home.

Samuel Hedrick of 228 Parker street, Newton Centre, was treated at Newton-Wellesley Hospital for a cut on his right knee suffered while skating in Cabot Woods, Newtonville.

Y Director To Be Speaker At Church Sunday

Mr. Eldred Peterson, president of the board of directors of the Newton YMCA, will speak briefly in the Service of Worship of the Newton Methodist Church this Sunday morning at 10:30 a.m. as National YMCA Week is observed.

Dr. Paul Uhlinger, minister of the church, will bring the sermon: "We Get What We Want." "We spend 16 billion dollars a year for recreation, and 15 billion for smoking and drinking. Political Highlights

(Continued from Page 1)

Beneath those good-natured observations, including the speculation as to what prevents him from catching cold, is a mounting respect for this 43-year-old Massachusetts man who will shape the course of the United States for the next four years.

Kennedy cannot continue to satisfy everybody from the extreme right-wing conservatives to the liberals on the far left. So far, however, he hasn't done or said anything anybody could criticize.

Some of his speeches including his inaugural address and the talk he gave to the Massachusetts Legislature on his political creed, have been masterpieces which one day will be ranked with Lincoln's Gettysburg address.

He has begun his term as President about as auspiciously as possible.

Now that the festive ceremonies of being installed in office are behind him, Kennedy faces the gruelling task of performing his Presidential duties while being isolated from most of the people he has known.

The great decisions Kennedy will have to make will not bother him as much as will the fact that he is now on a high and lonely hill which few others can climb to join him.

In any comment on the Kennedy inauguration a salute is due to former President Eisenhower for perhaps the smoothest transition of Presidential administrations in all the history of the United States.

Ike demonstrated his greatness just as clearly when he was going out of office as he did when he was in it or when he was commanding the American armies in Europe during World War II.

Former Vice President Nixon also gained new admirers among Democrats as well as Republicans for his gracious sportsmanship and the manner in which he conducted himself as he watched the man who had defeated him being installed in the office which he himself had hoped to achieve.

Even those politicians, who will tell you they would rather be a poor winner than a good loser, voice their respect for Nixon and agree that he's a real man.

What the political observers will watch most closely in the days ahead will be Kennedy's dealings with Khrushchev, Castro and the other dictators. They may well have something to watch.

One of the issues on which Kennedy concentrated at some length in his successful campaign was the threat which had developed in Cuba 90 miles off our coast. Kennedy is virtually certain to try to do something about that threat.

Prudential Centre Headache for Volpe

On Beacon Hill Governor Volpe is now tackling perhaps the most difficult part of his job of running the affairs of the Commonwealth, that of trimming down the State's payroll and of forcing the discharge of large numbers of temporary employees.

It's not easy to weed out employees in the State government and drop them from their jobs because a large percentage of those to be fired were originally put to work through the intervention of legislators, whose votes Volpe will need on a number of important measures.

Up to the present time, however, Volpe has shown a disposition to fight for his program on its merits and to avoid

making deals with legislators or anyone else.

Perhaps the most crucial problem facing Volpe is the serious threat that the great Prudential Centre will be stalled by the conflict over whether a toll road or freeway should be constructed between Boston and the Weston terminus of the Massachusetts Turnpike.

Plans being made by Prudential officials for going ahead with the project have been brought to a standstill. Hopes that work might be resumed on the Centre during the spring and early summer have just about disappeared.

Governor Volpe will not follow any course which would risk the loss of the Prudential Centre.

He reportedly is prepared to work out a compromise with Turnpike Authority Chairman William F. Callahan under which Callahan would extend the toll road from Weston to the proposed new Inner Belt Highway.

Whether Callahan would consent to such a compromise is uncertain. In the past Callahan has opposed the construction of an Inner Belt and has insisted that the toll road be extended all the way into downtown Boston.

If Volpe offers a reasonable compromise, however, and Callahan refuses to go along with it, the onus for blocking the Prudential Centre then would be on Callahan.

Another big element of doubt in the situation concerns Callahan's ability to sell the turnpike bonds in order to finance the construction of the toll road extension. If Callahan can't sell the bonds, he obviously can't build the road. In such an event Volpe would be obliged to build a freeway.

Meanwhile, Volpe, faced with the lack of legislation support on one hand and the critical Prudential problem on the other is taking steps to make the best of a difficult situation and to prevent a possible stalemate.

Horace Mann PTA Re-iterates New School Plea

The Horace Mann Parent Teachers Association has proposed the possibility of abandoning the Davis School in West Newton as an elementary school and converting it into use as a Junior College.

This suggestion was made to the Newton School Committee Monday evening when officials of the PTA repeated their requests for a new elementary school building at or near the present site.

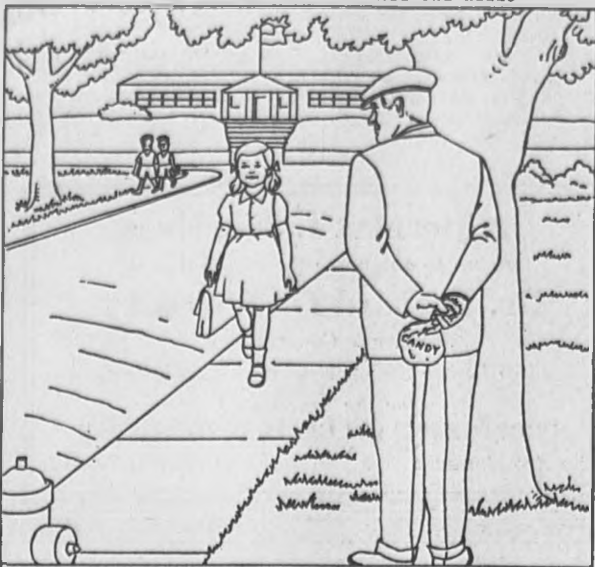

Co-Chairman Ralph Vittl of the PTA Building Committee reported that his group is suggesting an alternate to the proposal made by City Planning Consultant Charles E. Downe. Mr. Downe recommends the abandonment of the Horace Mann School and the construction of a new school at the Hawthorne Playground.

The PTA alternate "will more economically and speedily relieve the north side school problem while most advantageously fitting into the total school plan," Mr. Vittl said.

The PTA "Short Range" proposals would be to build a new school at or near the present site; increase its jurisdiction to relieve the Carr, Davis and Franklin schools and to re-district the Davis and Franklin schools to relieve the Murray Road School.

Purcell Favors Newton Traffic Commission

Establishment of a Newton Traffic Commission was favored by Newton Police Chief Philip Purcell at a public hearing held at the State House on Monday on a bill filed on request of Mayor Donald L. Gibbs. It was filed by Reps. George E. Rawson and John W. Whittemore.

The bill would give author-

ty over rules and regulations pertaining to motor vehicle traffic on public roads to a commission on which the police and fire chiefs and director of public works would serve without added compensation.

If enacted by the Legislature, the commission could be established during the current year by vote of the Board of Aldermen.

GROUND BREAKING FOR BANK—William H. Rice, retired chairman of the Newton Savings Bank, is shown fifth from left, breaking ground for the new main office building which will be constructed for the bank. Construction Underway For New Bank Building

Mayor Donald L. Gibbs with business, civic and financial leaders of Newton, took part this week in ground-breaking ceremonies for the new three-story, main office building of the Newton Savings Bank at Center and Lyman Streets in Newton Centre.

William H. Rice, retired chairman of the board at the bank, turned over the first shovelful of earth at the site of the old Rice School.

A life-long resident of Newton Centre, he was elected an incorporator of the bank in 1915.

Mr. Rice's grandfather, Marshall Spring Rice, was one of the original incorporators of the bank and owner of the property on which the new main office will be built. He donated the land to the City of Newton for construction of a school, which was named after him.

The land was purchased from the city in 1959 when construction of a new main office was initiated by Joseph Earl Perry, a former president of the bank.

The building, of unique precast concrete folded plate con-

struction, is scheduled for completion late this year. Designed by the Boston architectural firm of Bastille Halsey Associates it employs an extensive use of bronze, large expanses of glass, combined with the traditional New England water struck brick and granite. It will feature a Walk-Up Teller's window with overhead infra-red heaters; a Drive-Up Teller window; snow melting device for sidewalks, and a landscape courtyard for access to the ground floor. It is being built by Columbia Construction Company of Malden.

The ultra-modern three-story structure will incorporate many other new and distinctive architectural features. It will mark the first time in an office building in this country that pre-cast concrete folded plate construction will be used.

Frederick C. Ober, president of the bank, said this week that ample provision has been made for future expansion to keep pace with the dynamic growth of the City of Newton.

Record Total-

At the same time, Mr. Whitman announced that an unexpected December distribution of \$395,750 from the state brought the total receipts from income and corporation taxes and school aid to \$2,299,089, compared with \$2,277,888 in 1959.

The 1960 distribution was as follows: Income Taxes, \$737,510; Corporation Tax, \$886,721; School Aid, \$493,456; School Building Aid, \$181,402. The 1959 distribution was as follows: Income Tax, \$821,674; Corporation Tax, \$748,257; School Aid, \$492,521; School Building Aid, \$217,434.

He urged upon the church an emphasis on adult education in the next two to three years with imaginative planning of an educational program to reach the majority of adults who are presently untouched by educational program of the church.

Women Voters of Newton to Attend Cambridge Event

One hundred and twenty-five members of the Newton League of Women Voters will attend the Thirty-ninth School of International Relations, February 1, at the Kresge Auditorium, Massachusetts Institute of Technology.

Entitled "The Inter-American Dilemma: Manana is too Late!", the all-day session will feature talks by Dr. Jose Mora, Professor Robert Alexander, Mr. Wymberley Coerr and Mr. Henry W. Balgooyen.

The school's morning session will be devoted to "Backgrounds" with each speaker dealing with the history of the political and economic situation as seen from his special point of view.

The afternoon session will be devoted to "Directions" and will be in the form of a panel under the aegis of Mrs. John G. Lee, a former president of the National League of Women Voters.

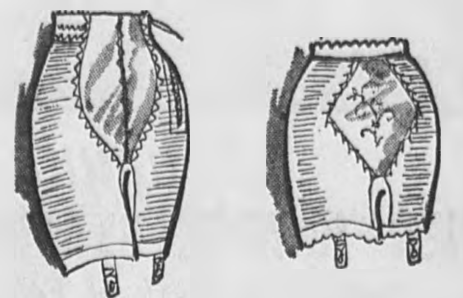

Sponsored by the League of Women Voters of Massachusetts, it is hoped that as the nation embarks on a new administration the school will be a potential guide through the maze of inter-American relations towards a progressive and realistic United States - Latin American policy.

Lee Loumos Says

I imagine that the Presidential Inauguration and Parade was witnessed by more people than any other televised program in history. Between the natural interest and the blizzard, which kept so many people at home, and virtually nothing else to do or see, it drew a capacity audience. The service calls I received alone would indicate this, and I am sure that twice as many repair calls would have been made if everyone knew that we were doing business as usual—starting promptly at 9:00 a.m. blizzard or no!

I am sure that my regular customers who had their sets fixed that day in time for the elaborate program will join me in a highly deserved "Well Done" to my intrepid technicians! Even the Public Utilities will have trouble matching that record. Viva to Free Enterprise and Rugged Individualism!

Of course, you are all aware that the Parade was televised in color and those few who ventured out to my store to see it agreed that it was a drab spectacle in black and white—but in color, even the bleak winter's day was enhanced.

In order to prove that color is well worth the investment, I'll be glad to install one in your own home over the week-end—no charge whatsoever—and on Monday morning, I'll bet you will tell me to leave it there. Just phone me at BIGLOW 4-7240 for your FREE HOME COLOR TV TRIAL.

Opposes Two House Bills

Two bills sponsored by the Mass. Selectmen's Association which would whittle away laws giving school committees exclusive power over their budgets have been disavowed by

the Newton School Committee. The committee by a vote of 7 to 1 with Mayor Donald L. Gibbs the lone dissenter, voted to notify Senator Mary L. Fonseca, chairman of the Joint Legislative Committee on Education, that the Newton committee opposed House Bills 1280 and 2155. Public hearings on these bills will be held Feb.

8 at 10:30 a.m. at the State House. House Bill 1280 strikes out the 25 per cent penalty imposed on a city when it refuses to appropriate funds legally requested by school committees and House Bill 2155 permits a school committee to institute legal action to force city officials to appropriate funds, legally voted by a school committee.

First National To Give Green Stamps In Area

First National Stores in this area, and throughout all communities in Eastern Massachusetts, began the distribution of S&H Green Stamps on Tuesday of this week. A total of 191 First National Stores will now participate in the stamp plan, said John L. MacNeill, vice president of the company, in announcing the stamp distribution.

"Because of the success of S&H Green Stamps in our Hartford division we have decided to extend the plan to this area. The stamps were introduced last July in First National Stores in New York and Connecticut, and later in western Massachusetts," said

Mr. MacNeill.

He further said, "We chose the S&H Green Stamp plan because it is the oldest and by far the largest in effect in this country today. S&H Green Stamps, distributed by Sperry and Hutchinson Company since 1896, are the most valuable stamps our customers can save. Throughout its 64 years of experience, it has an outstanding record of providing highest quality merchandise and service."

A free copy of the new S&H 'Idea Book', illustrating more than 1,000 items of merchandise for S&H Green Stamps, is available at all First National Stores.

To introduce the program, more than 1,150,000 letters have been mailed to homes in the area involved, including a collector book with 30 free stamps.

Parent-Teachers-Students Group To Meet On Tuesday

The Newton High School Parent-Teachers-Students Association (PTSA) will sponsor an interesting program at its meeting to be held Tuesday evening, Feb. 7, at 8 p.m., in the High School on Walnut Street, Newtonville.

The program, the first in a series designed to inform parents and the community about the various educational programs of the High School, will demonstrate the work of two departments, Foreign Languages, and Music. Students and teachers will actually demonstrate important aspects of the instructional program in these fields.

In announcing the program, Richard W. Mechem, Newton High School principal, stated: "It will be our aim to show the philosophy which governs our program in these fields and to demonstrate various ways in which we support philosophy in actual classroom practice. The program is not intended to be a performance or a show of any kind. Our purpose is to give the parents a more direct idea of what we are doing, so that they can interpret the work which the children are doing daily in the classroom."

The foreign language section will be under the direction of Raymond T. Ethier, head of the Foreign Language Department of the High School. He will be assisted by Mrs. Rose Neufeld, Miss Elizabeth Jewett, Mr. Norman A. Gaudet, and Mr. Franklin E. Davis. With the help of selected students, they will demonstrate present day techniques in the instruction of Latin, French, and Spanish.

James H. Remley, head of the Music Department, will be in charge of the section of the program devoted to music. He will be assisted by Douglas W. Godfrey, Henry Laaker, Donald S. March, and Miss Geraldine Seaver. This group will also be assisted by students in their demonstrations.

Participating, also, in the program will be the high school's principal, Richard W. Mechem, and Mr. Walter P. Muther, president of the Newton High School PTSA. A reception will follow the program.

DeNucci Battles Tiger Jones In Hub On Tuesday

Hard-punching Newton middleweight Joe DeNucci gets a chance to balance a negative score on his ring record when he meets the veteran spoiler Ralph "Tiger" Jones in a return bout at Boston Arena next Tuesday, Jan. 31. DeNucci is riding a string of five straight wins since his loss to Jones in their nationally-televised first bout and admitted he "froze" when he came to grips with Jones in that first bout.

"The combination of being on TV, meeting a man who conquered Sugar Ray Robinson and other great fighters certainly had its effect," conceded the Newton youngster. "I'll have no excuses to offer this time. If Jones wins it will be because he outfighited me, not because I over-respected his reputation."

Jones won the unanimous decision in their first encounter. The 20-year-old DeNucci gave away the first seven rounds and then rallied, but too late.

Newton's Ice Team Fourth In GBI Race

Newton High's hockey team, with a record of three wins and five losses over the season, reposed in fourth place in the GBI Hockey League after Somerville gained a 2-1 victory Saturday afternoon at Boston Arena.

Newton's Terry McLaughlin drew first blood for Newton unassisted at 2:06 of the first period, but Somerville came right back with the equalizer by Bob Connor at 2:57, assists going to John Hurnyowicz and Burgess. Then Hurnyowicz punched in the winning goal at 6:07 of the same stanza. The second and third periods were scoreless.

Newton South eked out a 5-4 win over Wellesley High in a non-league game last week on St. Sebastian's rink when John MacMasters fired home the winning shot in the last 15 seconds after Wellesley pulled out its goalie 30 seconds from the end of the game.

agencies were first initiated. The inaugural dinner will mark the unification of the two organizations which culminates a program of discussion, planning and legal study initiated five years ago.

A capacity outpouring of Greater Boston leaders, including the sons of the pioneer Jewish families who played a role in the Federation of Jewish Charities—the nation's first welfare federation—in 1895, will take part in the historic dinner. There will be no fund raising at the dinner.

Announcement of the dinner plans and the naming of the two Newton men was made this week by Simon J. Helman and Louis P. Smith, presidents respectively of the Associated Jewish Philanthropies and the Combined Jewish Appeal.

Their huge and growing patronage is primarily due to a policy of the best quality merchandise at the lowest price. 77 Rosedale Rd. has been a money saver to hundreds of thousands of people.
Primarily a wholesale processor of quick frozen meats serving various suppliers, the consumer sales idea started off as a hobby and its growth has been fantastic. A visit to 77 Rosedale Road will not only save you money but will prove

very interesting. The small area for consumer buying will be enlarged very shortly, but this area does not bespeak the size of the processing and freezer area. A visit and tour through the plant will amaze you.
Highlight of their many values, which come to you at wholesale warehouse prices, will be one box of merchandise free with every four boxes purchased. This means that, on top of your regular savings for this quality merchandise, you will receive a merchandise bonus of \$1.52, for every \$6.08 you spend on designated items.
In addition, you may have either a two-pound bag of fancy lean hamburger or a two-pound pack of gov't inspected frankfurters or two pounds of sliced Bacon for if the total amount of any order ends with 77.
During the anniversary sale, the consumer hour will be increased to Thursday evening 6 to 9 p.m., Friday 8 a.m. to 9 p.m. and Saturday 8 a.m. to 1 p.m.
